*Proceedings of the Madras Government, Public Works Department,
13th February 1873.*

No. 286. Read the following endorsement of the Acting Chief Engineer for Irrigation, dated Fort St. George, 23rd January 1873, No. 77 :—

From the Acting Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation and Joint Secretary to Government, dated Madras, 22nd October 1872, No. 261.

In reply to your letter No. 54 of 17th August 1872, with reference to the payment of £7-10-0 made in England on Mr. Monckton's account, I have the honour to inform you that the Secretary, to whom I referred your letter, writes the following explanation :—

"The only explanation I can give is that at the time of its payment Mr. Monckton had left India on sick leave, of which fact we had not received advice. Mr. Monckton was unable to resume his duties, and very honourably declined to take all the salary he was entitled to, and out of which the payment in question would have been made. Under these circumstances the Company could not call upon him to repay so small a sum when strictly they were debtors to him in a much larger amount."

2. I trust this will be deemed satisfactory.

Memorandum from the Government Examiner of Railway Accounts, to the Chief Engineer for Irrigation, dated Madras, 27th November 1872, No. 50.

Your Memorandum No. 134 of 16th instant.

The amount over-paid in England to Mr. Monckton, Rupees 75, will have to be credited in the Indian Books to the London Board, and debited to Construction under the particular head of work upon which Mr. Monckton was employed when in this country. Your enclosure returned.

SUBMITTED to Government.

2. In examining the Home Accounts the Government Examiner discovered that the amount paid in England on account of Mr. Monckton, an employé of the Company, exceeded the amount recovered in India by Rupees 75. The matter was brought to the notice of the Acting Manager and by him referred to the Secretary of the Company. Under the explanation furnished by that officer, I recommend that the course suggested by the Examiner of Railway Accounts be sanctioned, and that to adjust the accounts the amount over-paid be credited in the Indian accounts to the London Board, and debited to Construction under the particular head of work upon which Mr. Monckton was employed when in this country.

Sir,
In reply to your letter N^o 54 of 14th August 1842
with reference to the payment of Rs. 10.. made in
April on Mr. Monckton's account I have the honor
to inform you that the Secretary to whom I referred your

titled to and out of which the payment in question would

pany could not call upon him to repay so small a
sum when strictly they were indebted to him in a
much larger amount.

I trust this will be deemed satisfactory.
