No. 377. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 31st January 1873, No. 77:—

From the Agent and Manager of the Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 30th January 1873, No. 79.

With reference to the enclosed copy of letter from the Chief Engineer, No. 66, dated the 29th instant, and its enclosure, I have the honour to request that I may be favoured with an early reply to my letter No. 903, of the 10th of December last.

From the Chief Engineer, to the Agent and Manager of the Madras Railway Company, dated Madras, 29th January 1873, No. 66.

The Locomotive Superintendent in a letter No. 221 (copy enclosed) of yesterday, informs me that he fears serious delays will be caused to the traffic unless something is shortly done about the watering arrangements at Raichore, I shall therefore feel much obliged if you will kindly urge upon the Government the necessity for granting at an early date the sanction applied for in my letter No. 570, of 9th December.

From the Locomotive Superintendent, to the Chief Engineer of the Madras Railway Company, dated Perambore Works, 28th January 1873, No. 221.

Raichore watering arrangements.

Your No. 1,199, dated 12th December 1872.

Now that the Great Indian Peninsula engines are running into Raichore in addition to the extra traffic caused by the special trains with railway material, we find the incomplete state of the watering arrangements at Raichore to be a source of great inconvenience. The engine-shed is of no use to us for want of the water service, and unless something is shortly done to enable us to use it, I fear that serious delay will be caused to traffic.

G. O., No. 237, dated 24th January 1873.

Submitted to Government in continuation of this office letter No. 709, dated 20th December 1872.

2. Considering the urgent need that is said to exist for funds, I have, in anticipation of the sanction of the Government of India, communicated authority for an additional expenditure of Rupees 5,450 on the watering arrangements at Raichore.
