*Proceedings of the Madras Government, Public Works Department,
21st February 1873.*

No. 517 Read the following letter from the District Engineer, Vizagapatam, to the Secretary to Government, Public Works Department, dated Waltair, 28th January 1873, No. 300 —

I HAVE the honour to inform you that I have ascertained that Overseer Bowers left the district by steamer on the 21st instant.

2 Mr Bowers joined the district in October 1871, and came under my charge in September last at the amalgamation of ranges.

3 During the few months I have known him his conduct has been uniformly bad. Repeatedly Captain Hindle and Mr. Cormac have been obliged to report him for neglect of orders or disobedience, and at last it became necessary to take the easy work he was entrusted with out of his hands and employ him on other duty to prevent loss and needless delay.

4 I have been most forbearing towards him out of consideration for his short service in the department, and because I was reluctant to report his unfitness to Government without fully satisfying myself that he was undeserving of further trial.

5. He has hitherto been employed in the neighbourhood of Vizianagram and had his head-quarters there, but I had arranged for giving him a change to another part of the district, in the hope that he would there show himself more useful, when he suddenly applied for a month's leave on urgent private affairs.

6 I refused to grant him *privilege leave* as he did not deserve it, but offered him special leave on half pay, as soon as he had handed over charge and given full information regarding his work and expenditure, and I specially forbade him to leave the district until the Executive Engineer certified that this had been done.

7. Immediately after receiving this order, he left the district and has consequently forfeited his appointment under Section 13, Supplement F of the Regulations for Uncovenanted Civil Officers. Under these circumstances I recommend that his services be finally dispensed with, and request permission to fill up the vacancy.

No. 518. ORDER THEREON, 21st February 1873, No. 587.

ESTABLISHMENT, No. 45.

UNDER the circumstances reported in this letter, Mr. Bowers' name will be struck off the Overseer list and his place filled up.
