*Proceedings of the Madras Government, Public Works Department,
21st February 1873.*

No. 523. Read the following papers.—

From the Officiating District Engineer, Trichinopoly, to the Secretary to Government, Public Works Department, dated Trichinopoly, 18th January 1873, No. 65.

I HAVE the honour to bring to your notice that a sum of Rupees 1,000 was paid on the 27th March 1872 to the late No 3 Range Officer, Trichinopoly District, by the officer in charge of the Virdachellum Range, South Arcot District, as the value of certain building materials prepared originally in 1868-69 for the Rajendrapatam Deputy Tahsildar's Cutcherry and proposed to be sold to the latter officer in consequence of the works having been stopped in the year of the deficit, 1869

2 This sum was remitted to the Treasury and credited in the Account Current of the late No 3 Range Officer for April 1872, but the materials were not actually delivered to the Virdachellum Range Officer. The late Superintending Engineer of the 5th Division having applied to the late Superintending Engineer, 6th Division, in his letter, No. 227, dated the 4th October 1872, for a refund of the said sum of Rupees 1,000, the late Superintending Engineer, 6th Division, accorded sanction to the same in docket No 558 of 26th November 1872.

3. No funds, however, have been sanctioned this year for the Rajendrapatam Cutcherry works, although funds have been allotted for the other two Cutcherry and Sub-jail works in the Woodiar-pollhem sub-division marginally noted, in G. O., No 80, dated the 15th October 1872. I propose therefore appropriating the sum of Rupees 1,000 required for the refund from the allotment of Rupees 1,100 made for the former of the abovementioned works, and have the honour accordingly to solicit that the orders of Government on the subject may be communicated to me at an early date.

REFERRED to the Controller of Public Works Accounts for submission to Government with report as to the proper method of adjusting the transaction

(Signed) G. W. WALKER, Colonel, R E,

Secretary to Government, P.W.D

No. 524. From the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Fort St. George, 7th February 1873, No 2,602.

In compliance with your endorsement, dated 23rd January 1873, on the original letter (herewith returned) from the Officiating District Engineer of Trichinopoly, No. 65, of the 18th January 1873, I have the honour to report as follows

2. The transfer proposed by the District Engineer, with a view to provide an allotment of Rupees 1,000 for the "Rajendrapatam Deputy Tahsildar's Cutcherry," is unnecessary, as, by the mode of adjustment stated below, a second charge to that work will be avoided.

3. On communicating with the Range Officers concerned, it has been ascertained that the officer who received the value, Rupees 1,000, of the materials sold

*Proceedings of the Madras Government, Public Works Department,
21st February 1873.*

on account of the above work credited the amount to "Provincial Service Receipts" and paid it into the Treasury. He should now refund the amount from the general funds at his disposal, and debit the same to "Provincial Service Receipts refunded," the head provided on the *payment side* of the Account Current.

4. The Vindachellum Range Officer, on receiving the amount, should credit it to the work to which it has been charged by exhibiting in the Progress Report a recovery from the outlay *in the month* in which the amount is received.

5. I take this opportunity to remark that in the correspondence of the Range Officers concerned, it is nowhere explained why the materials were not delivered to the Vindachellum Range Office, nor under what circumstances the sale was cancelled, and the refund applied for. I further beg to observe that it would have been better if, when the Cutcherry work was suspended and the materials charged to it were no longer required, the articles were brought on the *Stock Accounts*.

No. 525.

ORDER THEREON, 21st February 1873, No. 590.

ACCOUNT, No 37.

COMMUNICATED to the District Engineers of Trichinopoly and South Arcot, who will instruct the Range Officers concerned to adjust the transaction in the manner pointed out by the Controller of Public Works Accounts. The District Engineer, Trichinopoly, will explain the circumstances under which the sale was cancelled and how the materials were subsequently disposed of. The Government also desire to be informed why the materials were not brought on the Stock Accounts when operations on the building for which they were procured were suspended.
