*Proceedings of the Madras Government, Public Works Department,
25th February 1873.*

No. 557. Read the following letter from the Officiating District Engineer, Ganjam, to the Chief Engineer and Secretary to Government, Public Works Department, dated Chetterpore, 4th February 1873, No. 274.—

WITH reference to G. O. No 2,815, dated 2nd December 1872, I have the honour to report that I have inspected the Range Office at Berhampoor, and that I consider it is insufficient for a first-class Range Office. It consists of two small rooms with verandah all round partly enclosed. Twice the size would no more than accommodate the Range Officer, his Clerks and Draughtsman, his records, and the Overseer in charge of the town works. The Range Officer has been called on for an estimate accordingly.

2. The Range Officer, Chicacole, reports his office as sufficient for his establishment and repairable. The Sub-Division Officer at Russelconda reports his office as sufficient and in good repair. I take the opportunity to draw attention to Major Beckley's letter No 9, dated 16th December 1872, on the subject of the District Engineer's Office. At present the establishment is accommodated in one room of the travellers' bungalow at this station by the permission of the Collector pending the decision of Government on the matter.

3. Before this arrangement was effected Major Beckley hired a house at Rupees 50 a month for the first half of last month, and I request that the Controller be authorized to pass this charge on my submitting a bill for the same.

No 558. ORDER THEREON, 25th February 1873, No. 604

ESTABLISHMENT, No. 51.

THIS letter will be communicated to the Inspecting Engineer for Buildings in continuation of letter No 163 of 22nd January 1873

2. Major Beckley's letter of 16th December, No. 9, has been disposed of in G. O. No 295 of 29th January 1873.

3. The Controller is authorized to pass the charge for rent referred to in the last paragraph of this letter.
