*Proceedings of the Madras Government, Public Works Department,
25th February 1873.*

No. 583. Read the following letter from the Officiating District Engineer, Tanjore, to the Secretary to Government, Public Works Department, dated Tanjore, 7th February 1873, No. 846:—

With reference to paragraph 2 of G. O. No. 6, dated 4th January 1873, I have the honour to forward herewith a statement showing the Office Establishment appointed by Major Hasted for the District Engineer of Trichinopoly. It will be observed from it that the men appointed have either been provided with pay equal to that previously drawn by them or have been promoted, and that none has suffered loss; hence it would seem no alteration was necessary in the scale of establishment sanctioned for that district, and Major Hasted made no reference to it when submitting the scale proposed by him for the Tanjore District.

2. As will be observed from paragraph 3 of Major Hasted's letter printed with the G. O. under reply, the appointments to the District Office Establishment for Tanjore were made with regard to the especial usefulness of some of the men to the office from their long acquaintance with, and knowledge of, the district. For these men who have suffered loss in the new arrangement, increased pay has been proposed in the scale submitted by Major Hasted, and, as the Goomastah on Rupees 18 can well be dispensed with, I trust the Government will be pleased to sanction Major Hasted's proposal.

Trichinopoly, with effect from the 1st December 1872.*
