G.O. No.	630	Press
B.P. No.		Mis.
608609		
Dated	27-2-	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
27th February 1873.*

No. 608. Read the following letter from the District Engineer, Madura, to the Secretary to Government, Public Works Department, dated Madura, 7th February 1873, No. 4,795 :—

In reference to G. O., 14th December 1872, No. 2,968, directing me to place myself in communication with the President of the Local Funds Board on the subject of revising the ranges in

1 Original letter.
1 Copy of Proceedings.

the Madura District, I have the honour to forward herewith a letter, No. 2, dated 7th ultimo, from the Acting President of the Local Fund Boards, Madura, together with the Proceedings of the Local Fund Board, Dindigul Circle, under date 18th idem, on this subject.

2. From this correspondence it will be seen that Mr. McQuhae is in favour of the transfer of the Tiroomungalum Taluq to the Madura Circle, but from the enclosed Proceedings it will be noted that it is not possible to make the change until the end of 1873-74. It may perfectly be considered, however, in the preparation of the Local Fund Budget for 1874-75.

3. As no objection is raised to the re-transfer of the Tiroomungalum Taluq to the Madura Range, that arrangement will, with the approval of the Government, come into effect on the 1st April 1873.

No. 609. ORDER THEREON, 27th February 1873, No. 630.

ESTABLISHMENT, No. 58.

As it is not proposed to transfer the Tiroomungalum Taluq from the Dindigul to the Madura Range till the end of 1873-74, at the earliest, His Excellency the Governor in Council declines to sanction the transfer of that taluq from the Dindigul to the Madura Range at an earlier date.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Madura.

Collector's Office
Madurai of the
(Camp) Pachikolam
7 January 1873

From W. McQuibbin Esquire
Acting Collector &
President L. F. 1873, Madurai

The District Engineer
Madurai

Sir,

* Captain Pennycook's
Memo is herewith
returned.

In reply to your letter dated
20th December to 1.30th forwarding for
my opinion correspondence regard-
ing the revision of D. P. W. Ranges
in this District, I have the honor
to inform you that the arrange-
ments proposed in your letter of the
18th November appear to me very
suitable if the Tirumangalam
Taluk be transferred from the
Dindigul to the Madurai Circle.

I am not aware why
this Taluk was included in the
Dindigul Circle but it can only
have been done to give that Circle
a sufficient area. From every
other point of view the existing
division is

division of the...
...the Dindigul Board, ordinary of the
...occasions consists practically of the
...the Range Officer and Sub Collector
...these circumstances. I see no
...reason why the second Circle should
...be considerably smaller than
...the principal Circle, just as the
...Division of the Revenue Dis-
...is smaller than the principal
...my opinion.
...I do not propose that there
...be only one Circle for the
...because I think we should
...advantage of the energy and the
...local knowledge of the Sub Collector,
...Range Officer and other official and again
...These persons can manage the Local Fund business
...better than the
...Board, but this ceases to
...the case when the area of the
...Circle is enlarged beyond its natural
...limits.
...the

division

5. A copy of this letter and of the Proceedings of the Committee will be laid before the Local Land Board in order that they may express their opinions on the questions now under discussion.

Pl. 27 July 72
Local Summa
President's letter
regarding the
transfer of
Tirumangalam
Taluk to Madras
Circle -

4:608
Boards

Extract from the Proceedings of the
Local Fund Board, Dindigul Circle,
passed at a meeting held on 18th January 1873.
Proceedings No. 17 of 1873.

Read Proceedings of Government
No. 2968, dated 14th December 1872, Public
Works Department, on the subject of the
revision of the Ranges in the Madras
District.

Read also letter No. 2, dated 7th
January 1873 from the Hon^{ble} President to
the District Engineer on the same subject.

The District Engineer informs the
Local Fund Board that previous to the
receipt of the above order, he had again
addressed Government on the subject,
in consequence of a requisition from
the Hon^{ble} Collector asking him to state
the arrangements he thought necessary
for the repair of irrigation works in
the Annad Zamindari, and had
proposed inter alia, that the Tirumangalam
Taluk should revert to the

Madura Range, and that the Dindigul Range should be composed of the Taluqs of Dindigul, Pulni and Peraculum as was formerly the case.

2nd The Local Fund Board have no objection to this arrangement as a tentative measure. It does not at present appear necessary to enter on a discussion as to the alteration of Circle boundaries recommended by the A.S. President in his letter above recorded in so much as no change can possibly be carried out until the end of 1873-74, even if ultimately considered advisable.
