Proceedings of the Madras Government, Public Works Department, 27th February 1873.

No. 615. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Fort St. George, 12th February 1873, No. 2,658:—

In reference to the orders as per margin, I have the honour to report for the information of Government, after an examination of the Stock Accounts of this Presidency, that there is not likely to be any sensible decrease in the balances under Imperial* on the 31st March next as compared with the opening balance of the current official year, and that it will therefore be necessary to provide specially for the adjustment of the difference (Rupees 47,000) between the original cost of the Snider Factory materials and their present valuation.

2.
