Sir,

Adverting to the Memo of Establishments proposed to be assigned to District Engineers, on the re-organization of the Department on the 1st December next, I have the honor to observe that, the salary of the Head Clerk of this District is put down at Rupees 100

2 With reference to this, I request to be informed, in what manner it is proposed to provide for the present Manager of this Office, who is on the receipt of a salary of Rupees 200 per Mensem, and who before joining

joining this Office was drawing a Monthly sum of Rupees 110, as the 1st Division Auditor in the Office of the Controller of D.D. Accounts.

3. I need scarcely add that it will be a great hardship were the present incumbent of the post of Manager of this Office, to suffer by the Re-organization of the Department, particularly as it will be seen from the Statement of his services that Mr Wakefield is the Senior in point of service of the Managers of all the other Divisions.

4. Mr Wakefield is not to be transferred to any other Office and is to suffer no point of salary, I trust the Government will take into favorable consideration his long period of service viz: upwards of 19 years, and grant him a personal allowance, as has been sanctioned to other Government Servants, and I would respectfully request a similar indulgence for all the other members of the Office whose salaries are affected by the proposed arrangements.

I have the honor to be

to Mr. Mills consequent on the abolition of his post as First Uncovenanted Assistant to the Chief Engineer, and his appointment as Manager in the office of the Superintending Engineer of the 4th Division.—

2. A reference to the G.O. will show that Mr. Mills' case was a very exceptional one, but there is another (Vide G.O. No. 770, dated 7th March 1866), in which Government were pleased, on the occasion of the amalgamation of the Northern and Southern Ranges of the Presidency, to

to allow certain employés on the old Establishment to draw their former rates of salary, which were higher than were provided for in the new scale.—

3. Ordinarily, personal allowances, so far as I am aware, are not granted to members of Office Establishments who may be placed in inferior positions consequent on re-organizations, and, having in view the stringent orders of the Government of India with reference to the audit of Establishment charges not duly authorized by competent authority

authority, I respectfully beg to suggest that, in the event of its being in contemplation to grant personal allowances to such of the Managers of Superintending Engineers Offices as will suffer pecuniarily under the scheme to be introduced from the 1st proximo, the sanction of the Supreme Government may be obtained to the measure.

I think we should have this discussed in Council. The rendering the main name is an uncertain constitution for the Wife of 100 Rs per mensem out of a Salary of 200 Rs. Will there be many such cases under the new organization? Perhaps a rough estimate could be framed. W.E
