*Proceedings of the Madras Government, Public Works Department,
3rd March 1873.*

No. 52. Read the following letter from the District Engineer, Kistna, to the Secretary to Government, Public Works Department, dated Bezwarah, 5th February 1873, No. 22:—

I HAVE the honour to forward herewith Pay Abstract for Minor Establishment Writer D. Somanah's pay for October and part of November 1872, together with list of disallowances by the Controller, Public Works Accounts, and memorandum from that Officer, No. 416, dated 23rd January 1873, and to request that the Controller may be authorized to pass the pay.

2. As stated in my remarks in the list of disallowances, the Writer, though reported unfit for further service on the 1st October 1872, could not be relieved till the 15th November, and up to that date continued to work; his services were not dispensed with by the Officiating Superintending Engineer until the 16th November 1872, and I think he should draw pay up to the date his services were dispensed with.

No. 53. ORDER THEREON, 3rd March 1873, No. 679.

ESTABLISHMENT, No. 8.

HIS Excellency the Governor in Council observes that the special reasons which necessitated the retention of D. Somanah after the 1st October should have been reported for the orders of Government, but, under the circumstances, the Controller is authorized to pass the Writer's pay up to the date on which his services were dispensed with.

Submitted to Government for sanction.
The net excess of expenditure over the sanctioned estimate amounts to Rs 420-4-7. The principal items of excess are the masonry & "Balinf." An error is said to have been made in the detailed estimate of the former, the District Engineer will be called upon to further explain this; no allowance for balinf was made in the original estimate; As the work is nearly completed & an early allotment of funds is desirable, the supplemental sanction is recommended without waiting for further explanation.
