*Proceedings of the Madras Government, Public Works Department,
7th March 1873.*

No. 173. Read the following letter from the Officiating District Engineer, Malabar, to the Chief Engineer, Public Works Department, dated Calicut, 13th February 1873, No. 17:—

1. From the Superintending Engineer, 8th Division, to Superintending Engineer, Division, No. 2,685 of 13th September 1872.
2. Controller's letter, No. 2,806 of 21st September 1872.
3. Controller's letter, No. 2,806 of 21st September 1872, No. 843, to the Superintending Engineer, 8th Division, dated 26th September 1872, with one enclosure.
4. Superintending Engineer's endorsement on G. O., No. 2,305 of 1st October 1872, to Palghat Range Officer.
5. Superintendent Range Officer's letter, No. 785 of 23rd November 1872, to Superintending Engineer, 7th Division.
6. District Engineer's letter, No. 435 of 6th December 1872, to Palghat Range Officer.
7. Copy of Supervisor Vyapoory Pillay's letter, dated 7th December 1872, to Palghat Range Officer, with medical certificate.
8. Palghat Range Officer's letter, No. 72 of 27th January, with Supervisor's letter, forwarding medical certificate.
9. Copy of District Engineer's letter, No. 7 of 1st February 1873, to Controller.
10. Supervisor Vyapoory's Pillay's explanation, dated 30th January 1873.
11. Controller's letter, No. 233 of 8th February 1873, to the District Engineer.

stances recorded in Proceedings of Government, G. O., No. 1,355, dated 31st May 1872, appears to have been directed, on 8th June 1872, to join 7th Division, Department Public Works, and to have delayed fifty-five days in Tinnevely before obeying this order.

3. He has been repeatedly called upon for an explanation but did not furnish one.

4. On 7th October he proceeded on privilege leave, and has ever since been absent on further extensions of medical certificate.

5. He has now submitted an explanation, and declares "he experiences no difficulty whatever in explaining the matter, as bare simple facts will support his statements."

6. If this be so it is to be regretted the Supervisor should have delayed seven months in affording an explanation, often and urgently required by his superiors.

7. The validity of the explanation hinges on the date on which the order to join the 7th Division, Department Public Works, was communicated to the Supervisor.

8. The Superintending Engineer, 8th Division, says that date was the 8th June, while the Supervisor says it was the 20th June, and to support this states he possesses the cover conveying the order which bears the post mark "Palamcottah, June 16th; Nagercoil, June 20th."

9. I infer from this that the Supervisor implies the order reached him on the latter day, June 20th, though he does not distinctly say so.

10. This statement, however, does not prove that the cover specified actually did convey the order. It might probably have covered some other letter, and that he did receive another official about that date is evident from the fact that he applied for an advance of pay and was refused it. It is just possible, therefore, that the cover bearing date "Palamcottah, June 16th, Nagercoil, June 20th, conveyed this or perhaps some other official. If this suspicion is a groundless one, the Supervisor has no one to thank but himself for not having submitted his explanation some seven months ago."

11. The enclosed correspondence will show that being in a difficulty as to the Supervisor's pay, I applied to the Controller for instructions on the subject.

**Proceedings of the Madras Government, Public Works Department,
7th March 1873.**

The Supervisor's explanations have meanwhile been received, and as they seem to me to be of a most questionable character, I deem it proper to lay the subject before you for orders. I would submit it is most undesirable, for the credit of the department, that a man of Vyapoory Pillay's antecedents should have a chance of (in his words) displaying "a spirit of daring and insubordination" suffering heavily for it.

ORDER THEREON, 7th March 1873, No. 740.

ESTABLISHMENT, No. 22.

SUPERVISOR Vyapoory Pilla
contumaciously delayed for a
and unreasonable period to a

superior officer a satisfactory explanation of his neglect to join the district to which he was appointed in G. O., No. 1,355, of 31st May, till the 10th August, can only be allowed to draw subsistence allowance up to that date. The usual rate of half pay must be passed to him for the two months during which he was on sick leave duly obtained and gazetted.

2. The circumstances of the case will be communicated by the District Engineer of Tinnevely to the Zillah Surgeon of that district, with the view of obtaining a full report on the medical case, and opinion as to the probability of Vyapoory Pillay's ever doing useful work in the department.

No. 17.
Malabar District Engineer's Office
Calicut 13th February 1873.

From The Offg. District Engineer,
Malabar

To The Chief Engineer, R. P. W.,
Madras.

Sir, I have the honor to submit
the Correspondence as per margin for the
orders of Government.

Supervisor Vyapoory Pillay
attached to the 8th Division R. P. W.
after the circumstances recorded in
Proceedings of Government G. O. No. 1355
dated 31st May 1872 appears to have been
directed on 8th June 1872 to join 7th Division
R. P. W. and to have delayed fifty five
days in Tinnevely before obeying this
order.

He has been repeatedly called
upon for an explanation but did not
furnish one.
On 7th October he proceeded on
privilege

privilege leave and has ever since been absent on further extensions of Medical Certificate.

He has now submitted an explanation and declares "he experiences no difficulty whatever in explaining the matter, as bare simple facts will support his statements."

If this be so, it is to be regretted the Supervisor should have delayed seven months in affording an explanation, often and urgently required by his Superiors.

The validity of the explanation hinges on the date on which the order to join the 7th Division D.P.W. was communicated to the Supervisor.

The Superintending Engineer 8th Division says that date was the 8th June while the Supervisor says it was the 20th June and to support this states he possesses the cover conveying the order which bears the post mark "Palamedottah June 16th Nagercoil June 20th".

I infer from this that the Supervisor

3rd
Supervisor implies the order reached him on the latter day June 20th, though he does not distinctly say so.

This statement however does not prove that the cover specified actually did convey the order. It might probably have covered some other letter and that he did receive another official about that date is evident from the fact that he applied for an advance of pay and was refused it. It is just possible therefore that the cover bearing date "Palamedottah June 16th Nagercoil June 20th" conveyed this or perhaps some other official. If this suspicion is a groundless one, the Supervisor has no one to thank but himself for not having submitted his explanation seven months ago.

The enclosed Correspondence will shew that being in a difficulty as to the Supervisor's pay, I applied to the Controller for instructions on the subject. The Supervisor's explanations have meanwhile been received and as they seem to me to be of a most

most questionable character, I deem it proper to lay the subject before you for orders. I would submit it is most undesirable for the credit of the Department that a man of Supervisor Pillay's antecedents should have a chance of (in his words) displaying "a spirit of daring and insubordination" without suffering heavily for it.

Sir

I enclose an original Medical Certificate now received from Supervisor Vyapooray Pillay, recommending a further extension of two months' sick leave. A copy of his covering letter is also forwarded, and as from the concluding part of it, it does not appear that his leave from the 8th December to 7th January has received your sanction his Certificate for that period I therefore retransmit, as well as the letter which accompanied it.

In para 3 of his letter dated 20th January the Supervisor asks for his salary for November and December last; your permission for disbursing it, I ask in consequence of the enclosed endorsement on G. O. No. 12305 of 1st October 1872.

7th Division that although
Vyapooray Pillai was directed on
the 8th June 1872 to start at once
for the 7th Division, it was only on
the 3rd August that he reported
his departure from the Northern
Range. It might seem indicative
of a spirit of delay & inordinance
on my part that I should al-
low no less than 55 days to elapse
from the date of the issue of the order
to the date of my departure from
Tinnevely. But I experience no
difficulty whatever in making
this matter as much as I can
simple & facts will support my
Statement. And even if it were
the only statement by the
Range Officer communicating
Government that was the state,

and I can produce the original
if necessary & even if it were
2. The Post Office mentions that
cover, which I have preserved
read thus, Palamcottah June 16th
Tageroot June 20th so that the
Sup^r Engineer's letter to the Northern
Range Officer dated, as it is alleged,
about the 10th of June, and
to be so early as the 4th of June
was no less than 12 days or very
nearly half a month in travelling
from the Madures to the Tinnevely
District: or in other words in travelling
from one District to another contiguous
to it over a distance of 96 miles, or at
the rate of 8 miles per diem!
The Sup^r Engineer of the Division
says in the 10th part of his letter
No. 268 to, dated 13th September 1872
that I am well & happy that although

By appointment was directed on the
8th June 1872 to start at once for
the 7th Division. It was only on the
3rd August that he reported his
departure from the Northern Range.
It appears to me that he ought to
have called upon for an explanation
of his proceedings during the interval
in question, & as I should have
called upon him for the same, but
as he virtually quitted my juris-
diction from the date of his receiving
the G. O. in question his explanation
is of course due to you. In reply to this
I beg to say that in my letter to
Col. Roberts, dated 22nd June 1872,
long before I could have had the
least anticipation or apprehension
of what was forthcoming, I distinctly
stated that I have only received

3.2.72

130
The same (G.O. No. 735) in the
evening of the 22nd August
The immediate reply of the
receipt of the G. O. from the
Sup. of Engineers asking him for
an advance of Rs 500
my pay, or for an advance of Rs 500
to enable me to defray the expenses
of my journey from the Simla
District. The
urgency of the service demanded
my immediate transfer to the Malabar
District, but as the Sup. of Engineers
8th Division refused to comply
with either of my requests, I was
necessitated to make up my own
resources. But here in justice
to myself it is necessary that I
should draw attention to Sup. of
Engineers letter of the Division dated
25th June 1872. I find on the cover
of that letter a post office mark

District note 28th July 28th Aug
of this letter for charge on the
4th July. I cannot account for
this delay. - Probable reason

As the Mr. J. C. Angier is refused
to give me any pay, or to make an
advance. I was obliged to raise a
loan which I did with great difficulty
especially as the rumor prevailed
that I was under a cloud, & that my
connection with the D. P. W. was
uncertain. I then started in the
14th July for the Madras District
via Travancore, that being, as I
was informed, the cheapest, though
not perhaps the most expeditious
route from Pudukottai to the
District in the end.

At Travancore on the
20th July I was most suddenly
and unexpectedly prevented
from pursuing my journey because

14th
the District Municipality
requested me to attend at the Court
where I was directed to be present
the 29th July. I was delayed there
till the 30th. I was not able to leave
until the 31st August.
I was delayed
by the circumstances over which I had
no control. I had changed the route
from Travancore and set out for
Trichinopoly via Madurai at once.
I thought I knew by so doing I would
be paid on an expenditure equal to at
least a month's salary. Having reached
Palghat on the 10th August, I reported
my arrival accordingly.

V. Under such circumstances
I beg that I may have my pay
from May 31st the date of C. O.
removing my suspension, to August
10th 1872 from which latter date
I have received my salary.
I beg &c.

Sir, With reference to your Memo No 1357 dated 25th June 1872, I have the honor to state that Supervisor Vyapooray Pillay has received his full salary up to 31st October, and Travelling Allowance up to 31st May 1871. From 22nd October 1871, the date on which he was suspended up to 31st May 72 he has drawn the prescribed subsistence Allowance of $\frac{1}{4}$ of his salary, viz Rs 37. 8. 0 per mensem. As no instructions were received with G.O. dated 31st May 1872, No 1355, a bill for his subsistence Allowance for June also has been forwarded as heretofore to the Comptroller but is not yet drawn.

2 The Supervisor's Travelling Allowance from June 1872 was disallowed by you in Memo No 3157 dated 21st Nov 1871 —

Sir, In reference to your letter

communicated to Vyapoory Pillay by
the Northern Range Officer Sinnerelly

therefore be considered as that on which the
Supervisor's suspension was removed.
I take this opportunity to in-
form you that Vyapoory Pillay claims
arrears

arrears of his salary from the date of
his suspension, viz the 22nd October
1871, minus the subsistence allowance
already passed to him, and to request
that you will be so good as to let me
know, at your early convenience whether
the claim is admissible in the ordinary
course, as if not there appears to me
no special reason why the claim should
be passed in his case.

It — The Superintending Engineer

the Supervisor to explain what his
proceedings were between the date

The Superintending Engineer
8th Division

Fort St George 26th September 1872
Cuddalore, Madras,

Sir,

Proceeding No.
1855-Dated
31st Aug 1872

In reply to your letter No. 280
dated 21st September 1872, I have
the honor to observe that as
Government on a review of the
circumstances of Supervisor
Vyapoor Pillay's case, took "severe
notice of his undoubted irregula-
rities and neglect," and degraded
him to the bottom of the list
of Supervisors, he is not under the

the rules, entitled to full salary during the period of his suspension, and this Office is not empowered to pass him any thing more than the prescribed subsistence allowance without specific orders from Government.

2. Under the explanation furnished by you the Supervisor's suspension will be regarded as having been removed from the 8th June 1872, but no salary will be passed for the period intervening between that date and the 3rd August, when he quitted the limits of his Range

in the 8th to join the 7th Division, until the result of the investigation into the matter by the Superintending Engineer of the latter Division is reported.

Sir,

In reference to your letter
No. 240, dated 8th August 1872, I
have the honor to inform you that
Supervisor Vyapooray Pillay quitted
the limits of the Northern Range
Emmuvally on the 3rd August 1872,
to join the 7th Division.

are already aware, communicated to Vyapooray Pillay by the Northern Range Officer Tinnevely on the 8th June 1872, which date may therefore be considered as that on which the Supervisor's suspension was removed.

3. I take this opportunity to inform you that Vyapooray Pillay claims arrears of his salary from the date of his suspension, viz the 22^d October 1871, minus the subsistence allowance already passed to him, and to request that you will be so good as to let me know, at your early convenience whether the claim is admissible on the ordinary course, as if not there appears to me no special reason why the claims

claim should be passed in his case.
4. The Superintending Engineer 4th Division will probably call upon the Supervisor to explain what his proceedings were between the date (8th June) on which he received the orders to leave at once for the 4th Division, and the date (3^d August) of his actually doing so.
