PUBLIC WORKS DEPARTMENT,
FORT ST. GEORGE, 7th March 1873.

No. 187.

No. 747.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

IRRIGATION, No. 11A.

SIR,—In reply to the Assistant Secretary's letter No. 9 I, dated 6th ultimo, I am directed to state, for the information of the Government of India, that the progress made in the Western Delta of the Godavery on the improvement of the Irrigation Works was not as satisfactory as could be desired, and that this was chiefly due to the Executive Engineer in charge of the range having, in connection with these and Local Fund and also Repair Works, more to attend to than, with the small staff at his disposal, he could well manage. The subject of strengthening the establishments in the principal Irrigation Ranges is under consideration, and I am to remark that His Excellency the Governor in Council will do all that may be practicable to provide for the efficient supervision of the important Irrigation Works which are in progress in the Godavery and other districts.

2. With regard to paragraph 4 of the letter under reply, I am to point out that it is necessary that the Progress Reports should be prepared in some detail in order that the Chief Engineer for Irrigation may obtain a fair idea of the progress made in each month; and, as the preparation of a separate and more condensed quarterly report for the Government of India would entail extra work upon establishments, which are already overtasked in consequence of the labour involved in connection with the financial statements of Irrigation Works generally, this Government hope that the Government of India will not require a special report in less detail to be made out for their information.

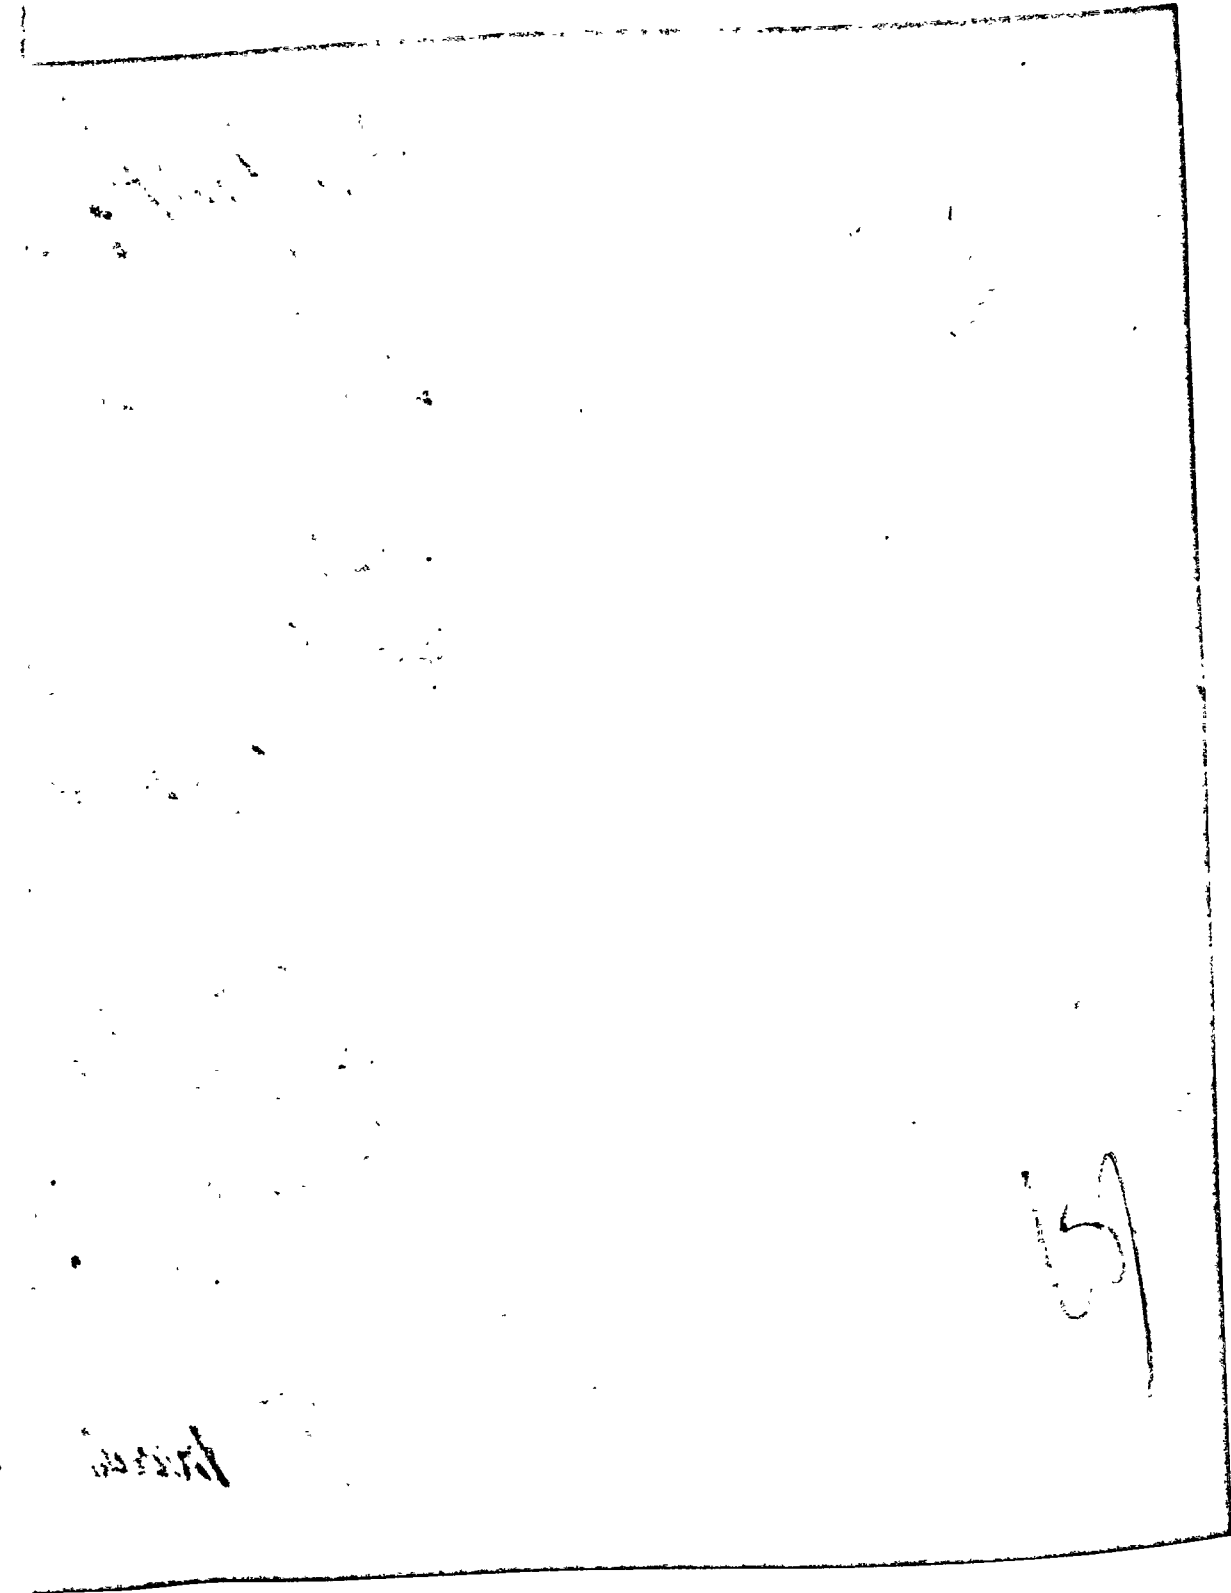

I have the honour to be,

Sir,

Your most obedient servant,

Captain, R.E.,
Officiating Under Secretary to Government.

Exd. S. T. Austin.

Proceedings of the Madras Govt.

Read the following:

From

The Govt. of India - (H. E. & 9. 28. 6. Jan'y/73)

The progress made
on the works in the
Western Delta of the
Godavary in the first
half of the year 1872-
73 was, as observed by
the Govt. of India, far
from being as good
as was to be desired.

The Executive Engineer
in charge appears how-
ever to have done as
much as he could do
with the limited estab-
lishment at his dis-
posal, taking into
account the demands
upon his time and
attention made by
local funds & repair
works.

To
The Secretary to the Govt
of India P.W.D.

Sir,

In reply to the
Apptd Secretary's letter
No 91 dated 6th Ultimo,
I am directed to state
for the information
of the Government of
India, that the pro-
gress made in the
Western Delta of the Godavari on the
improvement of the
irrigation works was
not as satisfactory
as could be desired,
& that this was chief-
ly due to the excec-
tive Engineers in charge
of the Range having
in connection with
these & Local Fund
and

ML

a special report in
less detail to be made
out for their informa-
tion.
