*Proceedings of the Madras Government, Public Works Department,
10th March 1873.*

No. 220. Read the following letter from the Officiating Deputy Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 28th February 1873, No. 325 S. R:—

I AM directed to acknowledge the receipt of your letter No. 465, dated 12th February 1873, representing the inability of the Consulting Engineer for Railways at Madras to depute an officer to Negapatam to receive and superintend the despatch of permanent-way materials for the Nizam's (State) Railway, and requesting that a competent subordinate may be deputed by the Superintending Engineer of that line for the purpose.

2. In reply I am to state that some officer at Negapatam should represent the Government of India, who buy the material from the Great Southern of India Railway Company and sell it to the Nizam's Government. No subordinate deputed by the Superintending Engineer of the Nizam's (State) Railway would answer the purpose, as he would not represent the Government of India, and would be unable to settle disputes as to short delivery, etc. It is by no means necessary that an officer of the rank of a Deputy Consulting Engineer should be appointed, and any officer or subordinate may be sent who may be considered competent to undertake the duty. I am therefore to request that, with the approval of the Governor in Council, the Consulting Engineer may be authorized to employ such temporary establishment, and make such arrangements as may, in his opinion, seem necessary and proper.

No. 221. ORDER THEREON, 10th March 1873, No. 765.

RAILWAY, No. 25.

COMMUNICATED to the Consulting Engineer for Railways, with reference to G. O., No. 464, of 12th February, and with a request that he will report the arrangements he would propose for giving effect to the wishes of the Government of India, and carry out the same without delay.
