Public Works. DEPARTMENT

G.O. No.	819	Press
B.P. No.		Mis.
327-328		
Dated	14. 3.	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
14th March 1873.*

No. 327. Read the following letter from the District Engineer, Chingleput, to the Secretary to Government, Public Works Department, dated Guindy, 7th March 1873, No. 828:—

I HAVE the honour to report that, owing to the late rains and consequent abundance of water in the Chembrumbaukum Tank and supply channels, old and new Bungaroo, the contractors have been unable to execute anything like the quantity of work promised by them, and Major Hunter proposes to surrender Rupees 17,375.

2. I beg that this sum may be transferred to the Madras Water Works Project, as the Collector has sent me an account showing that Rupees 60,073 are due as compensation for land submerged. I have paid Rupees 25,750, and if this further amount be made available we shall clear so much more of our debt.

3. The matter requires early attention, as the payment of money will occupy some days.

No. 328. ORDER THEREON, 14th March 1873, No. 819.

IRRIGATION, No. 16.

THE transfer of Rupees 17,375 from the Chembrumbaukum Tank to the Madras Water Works is sanctioned; and to enable the District Engineer, Chingleput, to pay the balance of the demand made by the Collector for land compensation in connection with the latter project, the sum of Rupees 16,948 will be made available by transfer from the grant for Agricultural Repairs in the Cuddapah District in anticipation of the sanction of the Government of India.

(True Extract.)
