*Proceedings of the Madras Government, Public Works Department,
15th March 1873.*

No. 333. Read the following letter from the Consulting Architect to Government, to the Secretary to Government, Public Works Department, dated Madras, 3rd March 1873, No. 274:—

I HAVE the honour to state, in reply to your letter No. 666, of the 1st March 1873, that I propose to employ the following Office Establishments permanently:—

	RS.
1 Estimator	145
1 Clerk	50
1 Draughtsman	30
1 Do.	25
3 Peons	20

Mr. Lewis passed the 1st grade Draughtsman's Test at the Civil Engineering College, and subsequently found employment on the Railway, where he had nearly twelve years' experience in estimating and drawing. He then on the 15th May last entered the Government service by preference, and was employed as Head Draughtsman to the Chief Engineer for Irrigation, and by the courtesy of Colonel Mullins I have been enabled to entertain his service on short notice.

2. I propose, for the present, to pass him a salary of Rupees 120 per mensem, and will report specially on his qualifications when I have had a fair opportunity of estimating his ability. I need scarcely point out that his training on the Railway almost places it beyond doubt that he will be exceedingly useful to me.

The Draughtsmen I possess are not capable of doing the work alluded to in G. O., No. 2,955, of the 13th December; but with the assistance of Mr. Lewis and Overseer Gooroosamy, I shall have no difficulty in complying with the orders alluded to. As all designing must be executed by my own hand, I scarcely require the assistance of 1st class Draughtsmen. The men I have are trained to a certain extent by me, and what they do is exceedingly well done.

No. 334. ORDER THEREON, 15th March 1873, No. 822.

ESTABLISHMENT, No. 45.

ORDERED to be recorded.
