G.O. No. 162-163	84	Press ~~Mis.~~
Dated	10- 1-	1873.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 10th January 1873.

No. 162. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 2nd December 1872, No. 359-A.—I. :—

I AM directed to acknowledge receipt of your letter No. 2,508, dated 24th October 1872, and in reply to convey sanction to the re-appropriation of budget credits therein required to the extent of Rupees 30,000 for the construction of boats required for use on the Godavery works. The charge is debitable to Extraordinary, and the funds may be provided in the manner suggested in your letter No. 2,712, dated 18th November 1872.

2. I am however to add that the cost of the boats should be debited to the capital account of the several works for which they are required. This will probably involve a slight revision of the estimates for the Eastern and Western Delta Works, but it is considered that this arrangement will be preferable to that of providing for the whole amount in the estimate for the Central Delta.

3. As regards the lighters likely to be obtained from the Upper Godavery Navigation Works, I am to say that their value will have to be debited to the capital account of the Godavery Navigation Works or of any other irrigation works on which they may be employed, and arrangements will therefore have to be made accordingly.

No. 163. ORDER THEREON, 10th January 1873, No. 84.

ACCOUNT, No. 18.

COMMUNICATED to the District Engineer, Godavery, in continuation of G. O. of the 18th November last, No. 2,711. The debit, to the three sections of the delta, of the cost of the plant should be made in proportion to the value of masonry works in the several estimates for their completion, and the division of the charge can be made as soon as the amount of the estimates of the Central Delta shall have been finally determined.

2. The District Engineer's attention is called to paragraph 3 of the letter from the Government of India on the subject of the adjustment of the charge for the value of any plant that may be received from the Upper Godavery.

3. Care must be taken that the works, other than Extraordinary, on which plant may be used bear their fair share of the cost of its provision and up-keep, either by a direct debit, or by a per-centage added to the charge for materials conveyed, and probably the former arrangement will be the simpler, if carried out by an adjustment, made annually in the case of works of magnitude, the construction of which extends over more than one year, and on completion in the case of smaller works.

(True Extract.)

Lieut.-Colonel, R.E.,
Joint Secretary to Government.

To the District Engineer, Godavery.
" Controller of Public Works Accounts.
" Chief Engineer for Irrigation.

Fort William, 2. December 1872.

Sir,

I am directed to acknowledge receipt of your letter No. 2508 d/24th Oct 1872 and in reply to convey sanction to the re-appropriation of budget credits therein required to the extent of ~~Rs~~ 30,000 for the construction of boats required for use on the Godavery works. The charge is debitable to extraordinary, and the funds may be provided in the manner suggested in your letter No. 2712 dated 18th November 1872.

2. I am however to add that the cost of the boats should be debited to the Capital account of the several works

works for which they are required.
This will probably involve a slight
Reversion of the Estimates for the
Eastern and Western Delta works,
but it is considered that this arrange-
ment will be preferable to that of pro-
viding for the whole amount in the
Estimate for the Central delta.—
3. As regards the lighters likely to be
obtained from the Upper Godavery
Navigation works, I am to say that
their value will have to be debited
to the Capital account of the Godavery
Navigation works or of any other
irrigation works on which they may
be employed, and arrangements will
therefore have to be made accordingly.—
I have the honor to be,
Sir
Your most obdt Servt
