DEPARTMENT

G.O. No.	885	Press
B.P. No.		Mis.
507-509		
Dated	20	3 1873

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
20th March 1873.*

Read the following letters:—

No. 507. From the District Engineer, Bellary, to the Secretary to Government, Public Works Department, dated Camp at Pennaconda, Bellary, 8th February 1873, No. 2,428.

I HAVE the honour to submit, for the sanction of Government, the accompanying List of Estimate for Rupees 10,940 for re-roofing Blocks Nos. 4 and 5, and removing the verandah roof of Block No. 7 of European Infantry Barracks at Bellary.

2. These roofs are at present in a very dangerous state, most of the beams are sagged and the roofs cracked. It is therefore necessary that the repairs should immediately be attended to. The estimate has been prepared by Lieutenant Henry at my request, and on a requisition made by the Military Authorities. I have myself inspected the buildings.

3. The estimate provides for removing the roofs and re-roofing with pukka terrace, using the old beams (as many as prove sound after careful examination) by merely turning them, and for substituting four new teak-wood bressummers for jungle-wood to the verandah of Block No. 7, also for renewing the verandah with teak-wood rafters.

4. These are extensive repairs. The net annual grant of Rupees 17,340 for repairs to Military buildings is often found insufficient to meet the requirements of the Military buildings at this station and those on the Ramandroog. No portion of this grant can therefore be made available for the above estimate.

5. Under these circumstances I request that Government will provide as early as possible an allotment for the estimate should it meet with their approval.

No. 508. From the same Officer, dated Bellary, 1st March 1873, No. 2,584.

REFERRING to memorandum No. 145, dated 15th February 1873, from the Under Secretary, I have the honour to inform you that Nos. 5 and 7 Blocks of the European Infantry Barracks were built in 1850 under the supervision of Captain T. Smith; No. 4 Block in 1852 by Lieutenant A. Boileau. One Vurathappah Moodel-lar, since deceased, who was then an Overseer in the Department, is said to have been the Superintendent of the works up to their completion.

2. The repairs carried out in 1871-72, at a cost of Rupees 4,369, seem to be the annual white-washing and petty repairs executed to *all* the buildings occupied by the European Infantry.

No. 509. ORDER THEREON, 20th March 1873, No. 885.

MILITARY WORKS, No. 13.

THE question of supplying funds for the repair of the European Infantry Barracks at Bellary will be considered on the additional grant for Military Works, for which application has been made, being sanctioned by the Government of India.

(True Extract.)

Sir,

I have the honour to submit for the sanction of Government the accompanying List of Estimate for Rs. 10,940 for re-roofing Blocks at St. 85 and removing the verandah roof of Block N^o 7 of Enr. Driff Barracks at Bellary.

2. These roofs are at present in a very dangerous state, most of the beams are sagged and the roofs cracked. It is therefore necessary that the repairs should immediately be attended to. The Estimate has been prepared by Lieut. Henry at my request on a requisition made by the Military Authorities. I have myself inspected the buildings.

The

3. The Estimate provides for re-
-moving the roofs and re-roofing with
pukka Terrace, using the old beams
(as many as prove sound after care-
-ful examination) by merely turning
them and for substituting 4 ctm Teak-
-wood Bressummers for jungle wood
to the Verandah of Block No. 7; also for
renewing the Verandah with Teakwood planks.

4. These are extensive repairs.
The net annual grant of Rs. 17,340
for repairs to Military Buildings
is often found insufficient, to meet
the requirements of the Military
Buildings at this Station and those
on the Ramandrag. No portion
of this grant can therefore be made
available for the above Estimate.

5. Under these circumstances I
request that Government will pro-
-vide as early as possible an allot-
-ment for the Estimate, should it be
met with their approval.
