The Secy. to the Govt. of Madras
Public Works Department (Railway)

Fort William, 11th March 1873

Sir,

I am directed to acknowledge
the receipt of your letter No. 532 dated
the 19th February 1873, recommending a
modification of the present system of
authorization of establishment on the
Railways in the Madras Presidency
by which greater freedom of action
will be given to the officers in
charge of the Railways in dealing with
the precise pay to be granted to the
individual members of the subordinate
staff of the Companies.

2.

The Govt. of India acc.

to the proposal that the details of the subordinate staff shall not in future be shown, but that the total pay to be ^{given} to each grade shall alone be authorized, provided that the details of the establishments proposed and of those of the previous period are laid before the Consulting Engineer and investigated by him on the occasion of each half yearly authorization.

3. The salaries to be drawn by the officers, whose appointments require the sanction of the Government of India should, of course, be shown separately as seems from the enclosures of your letter to be intended, and I am to request that the numbers of persons of each grade employed, as well as the maximum pay drawn, may be stated. —

4. This system is in general
accordance with the regulations
laid down in P.W.D.M. 1528, G.O.
dated 24th September 1872, but in order

that it may be practically worked without
any delay or needless correspondence,
I now request that the Consulting
Engineer may be instructed to sub-
mit from time to time with the
lists of authorized establishment
a brief explanation of any apparent
variations in the total or average scale
of pay, which in the absence of de-
tails would not be comprehended.
