*Proceedings of the Madras Government, Public Works Department,
24th March 1873.*

No. 561. Read the following paper from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Fort St. George, 28th February 1873, No. 2,860 :—

List of Bills received from the Deputy Collector in charge of the Treasury, Tinnevelly District, submitted for the sanction of Government.

Number and Date of Bill.—18th February 1873. *Description of work.*—Repairing the breach of the Kanadian channel. *Amount of Estimate.*—Rupees 930. *Amount of Bill.*—Rupees 443-8-6. *Year to which the expenditure appertains.*—1869-70. *Date of receipt of Bill.*—24th February 1873. *Remarks.*—Submitted for the orders of Government as to whether the bill in question can be admitted by this office in final adjustment of the outlay incurred under the explanation furnished by the Southern Range Officer, Tinnevelly District, in paragraph 2 of his letter No. 321, dated 8th November 1871, which is herewith forwarded in original.

No. 562. ORDER THEREON, 24th March 1873, No. 913.

ACCOUNT, No. 47.

THE Tinnevelly Range Officer's explanation being most unsatisfactory, the bill cannot be accepted. The

District Engineer is called on fully to account for neither the items of the estimate nor the check measurements said to have been taken by Supervisor Mooneappah Pillay being forthcoming. The estimate providing for repairs to the amount of Rupees 930, and those actually carried out for earthwork and turfing, amounting to above Rupees 443-8-6, make it doubtful whether the work was properly carried out by the Revenue Department.
