*Proceedings of the Madras Government, Public Works Department,
25th March 1873.*

No. 596A. Read the following letter from the Officiating District Engineer, Trichinopoly, to the Secretary to Government, Public Works Department, dated 20th March 1873, No. 152:—

I HAVE the honour to bring to the notice of Government that upon the requisition and indent of the late Superintending Engineer, 6th Division, tools for the use of Local Fund Works of the 6th Division to the value of Rupees 3,685-8-0 have been supplied from the Public Works Stores and Workshops at intervals during the current official year; and bills to that amount have been lately furnished by the Superintendent of Public Works Stores for adjustment.

2. These tools have been issued from time to time to this as well as to the Tanjore District, and the balance of tools that remained on hand on the 1st December 1872 was divided *pro rata* between these two districts.

3. The available allotment under the head of Tools for Local Fund is Rupees 1,150; to meet the bills abovenamed a further sum of Rupees 2,530-8-0 is required from Local Funds.

4. Scientific instruments to the value of Rupees 699-5-0 have been supplied for the use of this district under Service "Imperial," whilst the available allotment under the Service "Provincial" is Rupees 300, no allotment being available under the former head.

5. I have therefore the honour to request the Government will be pleased to grant an allotment of Rupees 2,530-8-0 from Local Funds and Rupees 700 from Imperial Funds, to enable me to adjust the bills of the Store Department before the close of this official year.

6. As all payments for Tools and Plant for the late 6th Division were made through the Trichinopoly Range Officer, to whose care they have always been consigned, it is probable that a large balance under Tools and Plant is available from the Tanjore District.

No. 596B. ORDER THEREON, 25th March 1873, No. 931A.

ACCOUNT, No. 50A.

RECORDED with reference to the report of the Controller in G. O. of the 25th instant, No. 926, from which it is observed that no appropriations are needed as the aggregate expenditure will be within the total grants under Tools and Plant. The payments will meanwhile be made.
