*Proceedings of the Madras Government, Public Works Department,
26th March 1873.*

No. 614. Read the following letter from the District Engineer, Kurnool, to the Chief Engineer, Public Works Department, dated Kurnool, 10th March 1873, No. 218 :—

I HAVE the honour to report that fever has slightly abated throughout this district so far as our department is concerned, but there are still a good many cases. Three of the Maistries in the Kurnool Range alone are in a precarious state, and one died a few days ago. Mr. Vardon, the Nundial Range Officer, was unable to meet me, as he was prostrated with fever.

2. The Draughtsman of the Kurnool Range was so ill that he had to leave Kurnool, and he has since resigned rather than return. The three ranges are thus without Draughtsmen or Estimators.

I have advertized in the *Fort St. George Gazette* and in those of the Bellary, Cuddapah, and Kurnool Districts for Draughtsmen for sometime, but have had only one application.

3. In the Collector's last report to Government he states that fever prevails in every taluq of the district except Sirwell.

No. 615. ORDER THEREON, 26th March 1873, No. 936.

ESTABLISHMENT, No. 63.

COMMUNICATED to the Public Department in continuation of G. O. No. 615 of 25th February 1873.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Public Department.
„ District Engineer, Kurnool.

Er. E. C. Shupler.
