*Proceedings of the Madras Government, Public Works Department,
26th March 1873.*

No. 616. Read the following letter from the Officiating District Engineer, South Canara, to the Secretary to Government, Public Works Department, dated Mangalore, 7th March 1873, No. 24 :—

I HAVE the honour to inform you that there is a vacancy for an Overseer in this district. The Principal of the Civil Engineering College, to whom a reference was made by me on the subject, having informed me that no passed candidates are available, I addressed the District Engineers of Tinnevely, Tanjore, and Godavery on receipt of G. O., No. 467, of 15th ultimo, and inquired if they can spare any of the Supernumerary Overseers employed in their respective districts. The District Engineer of Tinnevely states that no one is available, and replies from the two latter have not yet been received. At the same time I sent a memorandum to a Local Fund Maistry employed on the ghauts in the Salem District, by name Thamoozudin, offering him, as a qualified man from his knowledge of ghaut work, the post, which he is willing to accept. G. O., No. 2,165, of 12th September 1872, prohibits the confirmation of unpassed Overseers. Although Thamoozudin will not be able to pass all the tests required for an Overseer, yet he is able to carry out works satisfactorily, and he will be well suited to this district, as he has been employed on the ghaut works in the Salem District. He will also be able to qualify himself well within six months in drawing, estimating, and surveying, and I therefore request that in case I fail to obtain an Overseer from either of the District Engineers of Godavery or Tanjore, Government may be pleased to permit me to appoint the above-mentioned Local Fund Maistry as Overseer in this district on probation for six months, and at the end of it to confirm him in the lower grade of Overseer, if he is found useful and competent.

2. The want of another Overseer is much felt.

No. 617. ORDER THEREON, 26th March 1873, No. 937.

ESTABLISHMENT, No. 64.

His Excellency the Governor in Council does not approve of the transfer from one district to another of any but fully qualified candidates for the post of Taluq Overseer. Men of equal qualifications to the Maistry named are doubtless available in Canara pending a supply of Taluq Overseers at the ensuing examination of students at the Civil Engineering College.

Sir,

I have the honor to inform you that there is a vacancy for an Overseer in this District. The Principal of the Civil Engineering College, to whom a reference was made by me on the subject, having informed me that no passed candidates are available I addressed the District Engineers of Tinnevely, Tanjore and Godavery on receipt of G.O. N^o 467 of 15th ultimo and enquired, if they can spare any of the Supernumerary Overseers employed in their respective Districts. The District Engineer of Tinnevely states, that no one is available, and replies from the two latter have not yet been received. At the same time I sent a Memo. to a Local Fund Master employed on the Ghat in the Salem District by name Thomas. Judin offering him as a qualified man

from his knowledge of Ghat work the post, which he is willing to accept. G.O. No 2165 of 12th September 1872 prohibits the confirmation of unpassed Overseers. Although Thammozudin will not be able to pass all the tests required for an Overseer, yet he is able to carry out works satisfactorily, and he will be well suited to this District as he has been employed on the Ghat works in the Salem District. He will also be able to qualify himself well within 6 months in drawing, estimating and surveying and I therefore request that in case I fail to obtain an Overseer from either of the District Engineers of Godavary or Tanjore, Government may be pleased to permit me to appoint the above mentioned Local Fund Ministry as Overseer in this District on probation for 6 months and at the end of it to confirm him in the lower grade of Overseer, if he is found useful and competent.

The want of another Overseer is much felt.
