*Proceedings of the Madras Government, Public Works Department,
26th March 1873.*

No. 618. Read the following letter from the Officiating District Engineer, South Canara, to the Secretary to Government, Public Works Department, dated Mangalore, 5th March 1873, No. 23 :—

As great and unnecessary labour is likely to be entailed on the Range Establishment by requiring the Range Officers to submit half-yearly copies of their work registers as laid down in G. O. No. 1,153 of 6th May 1872, I have the honour to suggest that the original register books may be forwarded by the Range Officers half-yearly with the station books for inspection and check by the District Engineers, and therefore request that the Government may be pleased to modify the order in this respect.

No. 619. ORDER THEREON, 26th March 1873, No. 938.

ESTABLISHMENT, No. 65.

His Excellency the Governor in Council has no wish to insist on the submission by Range Officers of copies of the register of works to aid in the preparation of the schedules of rates ordered in G. O. No. 1,153, dated 6th May 1872, but desires to leave it optional with District Engineers to call for either the original work registers or copies as may seem most convenient in each case.
