*Proceedings of the Madras Government, Public Works Department,
29th April 1874.*

No. 406. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 27th March 1874, No. 8,624 :—

With reference to the Government Orders marginally noted, I have the honour to request that you will be good enough to inform me whether the steamers are to be considered as trans-

ferred *permanently* to Bengal, and, if so, whether their value should be debited to that Province. When floating stock was transferred from the Central Provinces to this Presidency, credit was afforded by this Presidency for the value received, and perhaps a similar course should be followed in the present case by asking Bengal to afford credit for the value of the steamers transferred. If this course is to be followed, I beg to suggest that the District Engineer, in communication with the Master Attendant, be requested to determine the present value of the steamers.

2. Instructions have been issued by telegraph for the payment of Rs. 427-11-5 to the Master Attendant, Cocanada, to adjust the expenditure incurred in despatching the steamer *Frank and Ada* to Calcutta.

No 407. ORDER THEREON, 29th April 1874, No. 1,109.

ACCOUNT, No. 29.

THE transfer of the steamers may be regarded as permanent, and their value should be debited to Bengal; with which view the District Engineer will afford the Controller the information which he requires in the latter part of paragraph 1.
