No. 524 I.

GOVERNMENT OF INDIA.
PUBLIC WORKS DEPARTMENT.
IRRIGATION.

To
The Joint Secretary to the Govt of Madras
in the Public Works Department
Irrigation Branch

Simla, 18th August 1873.

Sir,

Your letter No 1511 of the 7th
June last and accompaniments, conveying
the views of Colonel Mullins the Chief
Engineer and of the Government of Madras
in regard to the schemes for Reservoirs
projected in connection with the Madras
Irrigation and Canal Company's Tambudda
project, having been submitted to the
Governor General in Council, His Excellency
desires me to request that it may be
properly ascertained whether the modified
proposals for the 3 projects are, feasible
or

or not, after roughly calculating the compensation involved.

2. If feasible, His Excellency considers that it will be prudent to reserve the sites and to advise the Mysore Government to abstain from plantations or otherwise complicating their future assumption.

3. I am to add that as soon as the examination directed in para. 1 has been satisfactorily completed, and the results reported, the Company should be called upon to come to a decision and be put in possession of the views of the Government officers in regard to the advantages or otherwise of the several schemes.

I have the honor to be,
Sir,

Your Most Obedt. Servt.

F. W. Randall Col. R. E.
Deputy Secretary to the Govt. of India
