Madras.

Sir,
In G. O. No. 1777
dated 18th of July 1873
The Madras Government
were pleased to disallow
a Bill sent up by me
for the conveyance of
Office records &c. Press
of business, and the
fact of this being only
a personal claim,

prevented me from re-submitting the Bill; but I have now the honor to resubmit it, and also to send up another Bill of the same kind, both of which I trust you will be able to sanction under the following explanation.

2. The first Bill was for 21 Rupees for conveying Office records, tent, and furniture, during the months of March, April, and May 1873. The additional Bill now

5B
submitted is for carriage of the same in June, July, August, October, November, December 1873 and January & February 1874: Amounting to Rupees 49-9-7.

In the G.O. noted above it is said that the circumstances under which this claim was made were not of the exceptional nature contemplated in para. 11 of G.O. 2458 dated 23rd August 1865. As I have not a copy of this order I know nothing

of its provisions. I must only therefore ask your attention to the facts of the present case, and then say whether or not my claim is a fair one.

You are aware that when I took charge of this District there was no furniture of any kind - nor an office tent. I supplied every thing required from my own private property - a tent, Tables, Chairs &c. and those were used in my prolonged marches in Kamlam and

Markapur throughout the rainy season up to the end of August, and also during my present march up to the present time.

I do not think the Government will consider it fair that I should supply the tent and furniture and also pay for their carriage.

Besides this, I have to remark that I charged the Government only single Bullock hire whereas I really had to pay for 2 pairs of

Bullocks to each Bandy
for 7/10 of the marches
up to August.

Under these circum-
stances I trust that the
Government will sanction
the claim now made.

I have the honor to be,

Sir

Your Most Obedt Servt
