*Proceedings of the Madras Government, Public Works Department,
1st May 1874.*

No. 27. Read the following letter from Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Chepauk, 30th March 1874, No. 523 :—

In continuation of my letter of the 21st March, No. 469, I have the honour to state that the estimate for improvements to the District Engineer's Office at Trichinopoly provides for all accommodation required for the District and Range Officers as well as for the Cantonment Overseer; but the District Engineer now reports that, owing to the soil being rocky, the item for the well in the above estimate should be increased from 75 to 120 Rupees.

2. The District Engineer suggests that office accommodation for the Taluq Overseer should be provided in the Nabob's Palace at Trichinopoly which is now being adapted for public offices. If this arrangement is not made, the Taluq Overseer can have his office in a store-shed which is outside the District Engineer's compound.
