*Proceedings of the Madras Government, Public Works Department,
2nd May 1874.*

No. 45. Read the following papers :—

From W. McQUIHAE, Esq., Collector of Madura, to D. F. CARMICHAEL, Esq., Secretary to Government, Revenue Department, dated Camp at Layelgudi, Ramnad 16th February 1874, No. 256.

By desire of the District Engineer I have the honour to request that the Government Consulting Architect may be instructed to supply him with the working plan and sections of the "Napier Gateway" to be erected in front of Tiroomal Naick's Palace at Madura, in order that work may be commenced at once.

2. It was unfortunately reported to Government, about two years ago, that a class of merchants, called Nattucottai Chetties, residing in this district, intended to erect this gateway; but, as only a few of them subscribed, nothing was done till the 21st of last month, when, with the consent of those chetties who had subscribed, the subscription list was opened to the public, and nearly the whole amount required was subscribed at once. Out of the money collected a sum of Rupees 2,000 has been remitted to the Madura Range Officer, and I think it is very desirable that the work should be commenced without delay.

TRANSFERRED to the Public Works Department.
