*Proceedings of the Madras Government, Public Works Department,
2nd May 1874.*

No. 60. Read the following letter from R. SMITH, Esq, District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Yadavally, 1st April 1874, No. 1:—

WITH reference to that part of G. O., No. 712, dated 16th March 1874, censuring me for not having ascertained, from the Public Works Workshops, the cost of the frames, etc., required for the Covurpilly Police Station-house, I have to express my regret that my letter, No 148, dated 16th February 1874, was so inexplicit, and I trust you will be kind enough to permit me to explain that the Rupees 58-9-5, alluded to in the abovementioned letter, were charged by the General Superintendent "on account of the increased rate of iron" in addition to the amount originally named by that officer, and I was not aware of the insufficiency of his estimate until the bill for the work executed reached the Range Officer. In conclusion, I consider it but fair to state that the articles supplied from the Public Works Workshops for the Covurpilly Station-house are very substantial and satisfactory, and well worth the sum charged for them.

No. 61. ORDER THEREON, 2nd May 1874, No. 1,169.

No. 1 District Engineer's Office
Camp (Madras)
1st April 1874.

Dear Mr. Smith Esq.,
District Engineer of Bellary

To
Colonel G. W. Walker R.E.
Secretary to Government
(Public Works Department)

Sir, Fort Saint George

With reference to the
order of G. O. No. 712, dated 16th
March 1874, concerning me for
not having ascertained from
the Public Works Department,
the costs of the frames, etc., re-
quired for the Courpilly
Police Station house, I have
to express my regrets that my
letter, No. 148 dated 16th February
1874, was so inexplicit and
I trust you will be kind enough

Printed in 1874
No. 712 of 1874

to permit me to explain... that
the Rs. 58-9-5, alluded to in the
above mentioned letter, were charged
by the General Superintendent on
account of the increased rate of
iron in addition to the amount
originally named by that Officer,
and I was not aware of the
insufficiency of his estimate
until the bill for the work
executed reached the Range
Officer. In conclusion I consider
it but fair to state that the
articles supplied from the
Public Works Workshops for
the Court-pilly Station house,
are very substantial and
satisfactory, and well worth
the sum charged for them.
