DEPARTMENT

G.O. No.	1299	Press
B.P. No.		Mis. —
Dated	13-5-	4874 —195—

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th May 1874.*

No. 325. Read the following letter from Captain J. L. L. MORANT, R.E., District Engineer, Neilgherries, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Ootacamund, 25th April 1874, No. 122:—

With reference to your Order, No. 183, of 24th February last, on Ecclesiastical G.O., No. 22, of the 4th idem, I have the honour to submit an estimate, amounting to Rupees 265, for providing necessary furniture for the Kotergherry Church.

2. The existing altar table is half of a camp or dining table, and from being so light and fragile is easily broken. It requires a large cover to conceal it. The new table is to be 5'x2½' and strong and durable, two panels being introduced in front of it, so that only a small altar cloth for the top will be needed.

3. The communion rails from their construction are very shaky, and are continually getting out of repair, more particularly the entrance door or gate. It is now proposed to alter these rails, using the same wood, so as to make them as secure as possible. They are now too heavy for their fastenings.

No. 326. ORDER THEREON, 13th May 1874, No. 1,299.

The estimate amounting to Rs. 265
CIVIL WORKS, No. 39. is sanctioned.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Neilgherries.

Ootacamund
District Engineer's Office
25th April 1874

No 122

From The District Engineer
Nellore

To The Chief Engineer
and Secretary to Government
Public Works Deptt

Sir With reference to your order No 183 of the 24th February last on telegrams No 22 of the 4th March I have the honor to submit herewith an estimate amounting to Rs 265 for providing necessary furniture for the Nethergherry Church.

2 The existing altar table is half of a lamp or dining table & from being so light and fragile is easily broken. It requires a large cover to conceal it. The new table is to be 5x2½ and strong & durable, two panels being introduced in front of it so that only a small altar cloth for the top will be needed.

3 The communion rails and construction are very shaky and are continually getting out of repair more particularly the Entrance door or gate. It is now proposed to alter these rails using the same wood as
