Proceedings of the Madras Government, Public Works Department,
13th May 1874.

No. 327. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 21st March 1874, No. 8,382:—

I HAVE the honour to submit the Statement of Remunerative Works for the year 1872-73.

2. The Statement has been prepared in the manner described in paragraph 2 of my letter printed with G. O., No. 276 of 4th February 1874; the figures *in black* being those taken from the Returns received from District Engineers, and the entries *in red* representing results arrived at by this office from available information.

3. Except in one or two instances (noticed in red ink in the Statement) this office is unable to account for the differences between the sums representing the charges of the year as taken from the books of this office and those returned by District Engineers in the absence of detailed statements from those Officers, showing how the total charges under "Capital" and "Revenue" have been obtained.

4. As already intimated, Statements of the nature of that now submitted must be considered as approximate and requiring revision on the preparation of the final Capital and Revenue Accounts.

5. Adverting to paragraph 2 of G. O., No. 276 of 4th February 1874, I would observe that the remarks therein made are applicable only in the case of those eight works for which Capital and Revenue Accounts have been ordered* to be kept, the outlay on other works being treated under the old classification (New Works and Repairs) without reference to the projects to which the works respectively belong.

* G. O., No. 1,310, dated 14th May 1872.

P. W. Department

Sir,

I have the honor to submit the statement of Remunerative Works for the year 1872-73.

2. The statement has been prepared in the manner described in para 2 of my letter printed with G. O. No. 276, of 4th February 1874: the figures in black being those taken from the returns received from District Engineers, and the entries in red representing results arrived at by this Office from available information.

3. Except in one or two instances (noticed in red ink in the Statement), this Office is unable to account for the differences between the sums representing

that

the charges of the year as taken from the books of this Office and those returned by District Engineers in the absence of detailed statements from those officers shewing how the total charges under "Capital" and "Revenue" have been obtained.

4. As already intimated, Statements of the nature of that now submitted must be considered as approximate and requiring revision in the preparation of the final Capital and Revenue Accounts.

5. Adverting to para 2 of [illegible] No. 27 of 4 February 1874 [illegible] would observe that the [illegible] then made was applicable to these eight works for which Capital and Revenue Accounts have been ordered [illegible] being kept and [illegible] 187[illegible] (the Works and [illegible] [illegible] form [illegible] without [illegible] [illegible] [illegible] [illegible].
