Colonel J. M. Walker R.E.

Sir,

Secretary to Government P.W.D.
Madras

Proposed to

I have the honor to bring to notice that
the Catcheries at Rajahmundry and ¹⁸¹⁰⁰Thallapoor
the former for the sub collector are very urgently required
in this District and the Estimates for these works
have been sent in very long ago. I request therefore
you will be good enough to let me know if they are
likely to be sanctioned for the ensuing year's Budget
because if so, I should like to begin collecting ma-
terials at once out of any funds I may find available
or which the Government could send to me now.

2 At Thallapoor, it is impossible to get
sand after the freshes come down in the river and
very difficult to collect materials after the rains
have set in except at enhanced rates. For Rajahmun-
dry if early sanction were given now, the building
might be finished within the Official year, and
as both these works are constantly being asked for
by

SE

by the Revenue authorities, I trust the Government
will be pleased to let me proceed with them at once.

I have the honor to be

Sir,

Your most obedt. servant

Wm. L. Litchman Secy. of the

District Engineer Goddard

Read the following:

From the S. Eng. Godavery (H. E. No 2946/8 Jan/74)

It seems quite to have escaped the recollection of the Godavery District Engineer that sanction for the sub collector's butchery at Rajahmundry was communicated therein in G. O. No. 44 of 7th March 1873 and that for at Sahavildas butchery at Challapudy in G. O. No. 184 of 20th Decr/1872. Presuming that these buildings have been
