No 41.

Submitted for orders as to whether with reference to the financial results of the past official year; the opinion of Supt. of Telegraphs that there is no prospect of the Nellore Office becoming self supporting; the loss now sustained should continue to be incurred.

The Station pays but one-third of its expenses - The General Dept pays 66 per cent - Nellore is an agricultural town with no need for rapid communication & paper with the Capital &c. Nor any growth of income must be slow - Hence of so important public interest that the Company should be relieved from the charge
