IRRIGATION, No. 47.
Account.

SIR,—I am directed to acknowledge the receipt of your letter, No. 119 A. I., dated 18th April 1874, and in reply to forward a copy of the Proceedings of Government, No. 1,386, dated 23rd May 1874, from which it will be observed that the revenue estimate of Rupees 10,000 on account of the Madras Water-supply Project is based upon a report to Government from the President of the Municipality in which the required supply of water is calculated at ten millions of cubic yards, the payment for which will amount to about the sum named. Further reports have, however, been called for as to the data upon which this estimate has been based and the quantity of water actually drawn off for municipal purposes, and on receipt of replies to these orders the Government of India will, I am to say, be further addressed on the subject.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut.-Colonel, R.E.,
Joint Secretary to Government.

Public Works Department
Fort William, 8th April 1874

Sir,

With reference to your telegram dated 27th March 1874, intimating that the receipts from the Madras Water supply Project during 1874/75 are expected to amount to Rs. 10,000, I am directed to enquire to what cause the smallness of the receipts is due, and whether the amount reported represents probable receipts from the Municipality by sale of water, or the share of land revenue due to the work.

2. If the former is the case, I am to invite attention to Public Works Department letter No. 854 I dated 9th December 1873, and to

to request that the information therein called for regarding the arrangements made for the supply of water to the Municipality may be furnished at an early date. ...

3 I am to add that in the orders on the Madras Irrigation Budget estimate for 1874/75 the sum of 10,000 Rs. was not included as probable revenue during 1874/75 from the Madras Water Supply Project. The amount has however been shewn as a distinct item in the general budget estimate of Irrigation Revenue and the necessary addition should be made to the Madras Budget orders accordingly.

I have the honor to be,
Sir
Your most obedt servant.

Proceedings of the Madras Government

Read the following

From The Govt of India
P W D (Here. Entered 19th April 1874)

The Government observe that the estimate of 10,000 Rupees, for account of receipts for water-Rice supplied from the Madras Water Works to the Municipality in 1874-75, is based upon a report to Government in the Financial Department from the President of the Municipal Commission, in which the required supply

supply is stated the
latter to amount to
somewhat over 10 millions
of Cubic Yards, the pay-
-ment on account of
which would be about
the sum named.

2- As this quantity is
however but one ~~fourth~~ third
of that which has been
stored or provided for
Municipal purposes,
the President of the
Madras Municipality
will be called upon,
through the Publics
Department, to report
the data on which his
estimate has been based,
and the District Engineer
Chingleput will ascertain
