*Proceedings of the Madras Government, Public Works Department,
2nd June 1874.*

No. 22. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 8th May 1874, No. 1,135 :—

In December last the District Engineer, Godavery, appointed to the post of Delta Superintendent in the Western Delta Range one Atchootaroyadoo who had been previously serving as a Draughtsman on the Dowlaishweram Workshop Establishment; but as no information had been furnished of the man's eligibility under the rules to draw the full salary (Rupees 40) of the post, the claim was passed provisionally by this Office *Vide G. O., No. 1,147, dated 8th April 1869.* pending the receipt of particulars of his services, which have since been supplied by the District Engineer and are as follows :—

I.—Channel Superintendent in the Godavery District from January 1854 to December 1860.

II.—Assistant Draughtsman in the Revenue Survey Department from December 1860 to March 1862.

III.—Employed as a Contractor on the Central Jail Works at Rajahmundry from 1862 to May 1869.

IV.—Draughtsman on the Dowlaishweram Workshop Establishment from June 1869 to December 1873.

2. The District Engineer considers that Atchootaroyadoo is entitled to the full pay of his appointment on the grounds—

I.—Of his being an old servant of Government.

II.—That he drew Rupees 30 as Draughtsman on the Dowlaishweram Workshop Establishment.

III.—That the benefit of the Pension Rules had been extended to him when so employed.

3. The rules, however, distinctly provide that no person who is not a passed candidate can, without the special sanction of Government, be appointed to any situation the salary of which may be Rupees 20 and upwards unless he has been in continuous employ from the 1st January 1859, or may have been subsequently thrown out by a reduction or revision of establishment. Under these circumstances I have the honour, in accordance with the District Engineer's request, to submit the papers for the orders of Government.

From Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to T. MOSS, Esq., Officiating Controller of Public Works Accounts, dated Dowlaishweram, 10th February 1874, No. 3,341.

With reference to the appointment of G. Atchootaroyadoo, lately a Draughtsman in the Government Workshop at Dowlaishweram, to the post of Delta Superintendent in the No. 3 Range. I have the honour, as some objections may be raised to passing to him the salary attached to that post, to report, for your information, that this subordinate was a Channel Superintendent in the year 1854 in this district in the Public Works Department, and subsequently left it for the

MADRAS

SIR,

With reference to the appointment of
G. Atkootaydo, lately a Draftsman in
the Government Workshop at Dowlaishwarum,
to the post of Delta Superintendent in the No. 3
Range I have the honor as some objections
may be raised to passing to him the salary
attached to that post, to report for your
information that this subordinate was a
Charmed Superintendent in the year 1854, in
this District in the Public Works Department
and subsequently left it for the Revenue
Department where he again joined the Govern-
ment Workshop as Draftsman in June 1869.

2. He is in my opinion fully entitled
to the Salary of Delta Superintendent 3d. grade
not only in consideration of his being an old
servant

servant of Government but also under the
ruling in G. O. No. 11,891 of the 1st June 1871,
wherein, to all the Members of the regular
permanent Establishment attached to the
Workshop at Bowdoin arm, the benefits
of the U.S. Pension Rules were extended.

3. I have moreover to add that
Mehitarogdos is well acquainted with
Surveying and Levelling besides Estimating
drawing &c. and is therefore in every way
fitted for the post, These being the most
essential qualifications for a District Super-
intendent as ruled by the Chief Engineer
for Irrigation.

4. Under the circumstances now
stated I trust full salary will be passed
to the above named Subordinate, particularly
as Ropes had hitherto drawn by
him whilst attached to the Workshop
but if you should consider it necessary
that the matter must be disposed of
by

By Government I beg you will be good
enough to submit these explanations for
their review.
