Proceedings of the Madras Government, Public Works Department, 4th June 1874.

No. 71. Read the following endorsement of the Chief Engineer for Irrigation, dated Ootacamund, 19th May 1874, No. 5 :—

From J. H. LATHAM, Esq., Chief Engineer and Manager of the Madras Irrigation and Canal Company, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Coonoor, 1st May 1874, No. 44.

Extension of Leave.

In continuation of my letter of 11th March last, and in reference to G. O., No. 959, of 13th ultimo, sanctioning one month's privilege leave, I have the honour to add that since the date of my letter I have had four recurrences of malarious fever, of which one occurred since I arrived at Coonoor. Under these circumstances, I regret to say Dr. Adam advises me that it would be worse than dangerous to return to Kurnool at present, or before I have passed two periods free from the fever, which occur about tri-weekly (every third week).

2. I am therefore under the necessity of soliciting the sanction of Government for further leave, and the simplest mode of doing this seems to me to be to sanction a second month of privilege leave under Clause 2 of the Furlough Rules, to which I am eligible, inasmuch as I had no leave under Clause 1 or 3 during the past twelve months, nor during the preceding calendar year (1873).

Submitted for the orders of Government.

2. The Chief Engineer and Manager is eligible for the additional month's privilege leave applied for under Clause 2 of the Furlough Rules of the Madras Irrigation and Canal Company.

(Signed) J. MULLINS, Lieut.-Colonel, R.E.,
Chief Engineer for Irrigation.
