*Proceedings of the Madras Government, Public Works Department,
11th June 1874.*

No. 192. Read the following letter from Major J. O. HASTED, R.E., District Engineer, Kistna, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Camp at Vellatoor, 9th May 1874, No. 5:—

With reference to your note, No. 198-A, contained in G. O., No. 895, dated 30th March 1874, I have the honour to state that the original amount of the estimate referred to, Rupees 2,180, is correct.

2. The wording of the estimate was likely to mislead, the second item was "from 3,000 feet up to 4,300 feet," whereas it should have been "from 3,000 feet for 4,300 feet" or "from 3,000 feet up to 7,300 feet."

3. The work has been carried out, and was complete on my inspection, last month, with trifling exceptions; I have the honour to request therefore that sanction may be obtained to original estimate amounting to Rupees 2,180, and

* Included in the list of incomplete works sent on 2nd May 1874. that Rupees *802, the amount required to complete the work this year, may be allotted at an early date.

No. 193. ORDER THEREON, 11th June 1874, No. 1,536.

IRRIGATION, No. 21.

UNDER the explanation given, the amount of the sanction accorded in G. O., No. 895, of the 30th March last, is increased from Rupees 1,640 to Rupees 2,180, and the balance required to complete the improvement of the Ellore Canal at Ellore is placed at the District Engineer's disposal from the amount under Minor New Works at the disposal of Government.
