*Proceedings of the Madras Government, Public Works Department,
11th June 1874.*

No. 198. Read the following letter from Major C. H. LUARD, R.E., Officiating Under Secretary to the Government of India, Public Works Department, (Railway,) to Colonel G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 20th May 1874, No. 1,088-R.:—

I am directed to acknowledge the receipt of your letter, No. 1,037, dated the 22nd April 1874, submitting copy of one from the Agent of the Madras Railway Company on the subject of the transfer, as desired in Public Works Department No. 313 G. R. of the 9th February 1874, of the telegraph wires on the section of the Madras Railway between Madras and Vellore to the Government telegraph posts when the reconstruction of the railway telegraphs is undertaken, and requesting a further expression of the views of the Government of India in regard to the telegraph along this section of the railway.

2. Thirty-eight miles of this section, viz., from Arconum to Vellore, have already been renewed with iron standards, and owing to the railway and Government wires on the remaining portion of the line, 42 miles, from Madras to Arconum being on the opposite sides of the railway, the transfer of the railway wires on to the posts of the Government telegraph will not be practicable. The Government of India, therefore, have no objection to the gradual renewal, as it becomes necessary, of the existing teak-wood posts on this portion of the line with iron standards.

FORT WILLIAM, 20th May 1874.

SIR,

I am directed to acknowledge the receipt of
your letter No. 1037, dated the 22nd April 1874, sub-
mitting copy of one from the Agent of the
Madras Railway Company on the subject
of the transfer, as desired in Public Works Depart-
ment No. 313 G. R. of the 9th February 1874, of the
telegraph wires on the section of the Madras
Railway between Madras and Vellore to the
Government Telegraph Posts where the recon-
struction of the Railway Telegraphs is under-
taken, and requesting a further expression
of the views of the Government of India in
regard to the telegraph along this section
of the Railway.—

2.— 38 miles of this section, viz: from Arcot to Vellore, have already been renewed with iron standards and owing to the railway and Government wires on the remaining portion of the line, 42 miles, from Madras to Arcot being on the opposite sides of the Railway the transfer of the railway wires on to the posts of the Government Telegraph will not be practicable. The Government of India therefore have no objection to the gradual renewal as it becomes necessary of the existing teak wood posts on this portion of the line with iron standards.

I have the honor to be

Sir,

Your most obedient servant

W. Ward
