Dated	12-6-1874	195

Not to be folded or roughly handled

No. 239C. Read the following letter from R. SMITH, Esq., District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 16th May 1874, No. 13:—

As directed in your memorandum No. 319, dated 7th instant, I have the honour to submit a letter* from the Zillah Surgeon of this district regarding Mr. Supervisor Doheny's recent illness. A copy of the memorandum† addressed by me to the latter is also submitted for your perusal.

* No. 46, dated 15th May 1874.

† No. 13, dated 19th April 1874.

No. 239D. ORDER THEREON, 12th June 1874, No. 1,558-B.

ESTABLISHMENT, No. 12B.

IN the quarterly return of officers and subordinates for the period ending 31st March 1874, the District Engineer, Nellore, remarked that Conductor Doheny had been recently incapacitated by illness, the result of intemperance, from the performance of his duties, and that he had been warned that a repetition of this conduct would lead to application being made for his removal from the department. The cause of Conductor Doheny's incapacity is confirmed by the letter* from the Zillah Surgeon, who states that Conductor Doheny was suffering from a mild attack of delirium tremens brought on by intemperate habits.

* No. 46, dated 15th May 1874.

2. It is observed from the orders of the 7th April and 11th May 1868, Nos. 1,094 and 1,485, as well as from the memorandum addressed to him by the present District Engineer on the 19th April 1874, that Conductor Doheny had been repeatedly warned against the intemperate habits which he has contracted, but that they appear to be of so confirmed a nature that there is little likelihood of amendment. Under these circumstances, His Excellency the Governor in Council resolves, in order to prevent his bringing further discredit on the department in which he holds the responsible position of Supervisor and Sub-divisional Officer, to direct his immediate removal. The Chief Engineer will accordingly submit Conductor Doheny's papers for the pension to which he may be eligible under the Military rules.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Nellore.

No 13 Memorandum

The District Engineer regrets to have to record that Conductor Doheny has been unable to attend to his duties, for upwards of three weeks, in consequence of illness brought on by intemperance. As Mr Doheny's misconduct has materially interfered with the work in the Sub Division, under his immediate superintendence, his services should no doubt be dispensed with, before he brings more discredit on the Department, but as he has been so long in the service and has solemnly promised to take the Pledge of total abstinence the District Engineer has resolved to give him one trial more, with the hope that he

will not again disgrace himself
as he has done. The District
Engineer does not intend submitting
a special Report to Government
on Mr Doheny's recent misdemeanour,
but it will be noted in the return
of the Officers and Subordinates
for the past Quarter. Conductor
Doheny will return to his
duty when permitted to do so
by the Medical Surgeon of
Vellore.

Public Works Department

Proceedings of the Madras Govt

Read the following

From

The Dist. Engr. Nellore (No. 3050 dated 16 May 74)

To

The Chief Engr. Public Works Dept. Madras.

Sir

In the Quarterly Return of Officers and Subordinates for the period ending 31st March 1874 the District Engineer Nellore remarked that Conductor Doheny had been recently incapacitated by illness the result of intemperance, from the performance of his duties,

duties; and that he had been warned that a repetition of this conduct would lead to application being made for his removal from the Department.

The cause of Conductor Doheny's incapacity is confirmed by the letter from the Gillah Surgeon, who states that Conductor Doheny was suffering from a mild attack of Delirium Tremens brought on by intemperate habits.

It is observed from the orders of the 7th April and 11th May 1868

× Nos 426 of 15th May 1874.

Nos. 1094 and 1485, as well as from the Memorandum addressed to him by the present District Engineer on the 19th April 1874 that Conductor Doheny had been repeatedly warned against this intemperate habits which he has contracted, but that they appear to be of so confirmed a nature that there is little likelihood of amendment. Under these circumstances His Excellency the Governor in Council resolved, in order to prevent his bringing

further

further discredit on the Department in which he holds the responsible position of Supervisor and Subdivisional officer, to direct his immediate removal. The Chief Engineer will accordingly submit Conductor Doherny's papers for the pension to which he may be eligible under the military rules.

For Orders

Submitted for orders with papers relating to former instances of intemperance on the part of Conductor Doherty, and a Statement of his services departmental and Military. Conductor Doherty's intemperate habits appear to be of so confirmed a nature that there is little likelihood

of amendment, and,
considering the repeated
warnings he has had,
his conduct on the pre-
sent occasion seems to
call for severe notice.
It is accordingly sub-
mitted for orders whether
he should be tried by
Court Martial, or ordered
to take his pension.
