Dated	23-1-1874	195-

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
* 23rd January 1874.*

No. 305. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 14th January 1874, No. 24:—

I HAVE the honour to submit a letter* from the Collector of Madras, requesting that the sum of Rupees 1,58,245-10-6

* No. 12, dated 10th January 1874, with one enclosure. may be placed at his disposal for the payment of compensation for land and

buildings required for the Carnatic Railway Company.

2. In the Regular Estimate for the current year the allotment for the Madras District was increased from Rupees 1,00,000 to Rupees 1,79,400 by transfer from other districts; and the sum which Mr. Webster wishes placed at his disposal is the balance of the latter amount, after deducting the compensation paid for the Friend-in-Need Society's Workshops, sanctioned in Order of Government, No. 2,545, dated 16th October 1873.

3. As the lands within the town of Madras are now urgently required by the Railway Authorities, and as the immediate payment of compensation may be expected to secure better terms in some cases, I recommend that early sanction to the Collector's proposal be accorded.

From A. McC. WEBSTER, Esq., Acting Collector of Madras, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madras, 10th January 1874, No. 12.

In forwarding copy of a letter from the Deputy Collector of Madras, No. 16, of 8th instant, I have the honour to request that you will be good enough to obtain the early sanction of Government for placing at my disposal Rupees 1,58,245-10-6 on account of compensation for lands required for the Carnatic Railway Company.

2. Returns showing the disbursements made out of this advance will be furnished to you as well as to the Controller of Public Works Accounts from month to month.

3. Immediate payment of compensation will probably tend to secure in some cases lower prices for the lands, and will also save the interest to be paid by Government on the amount of compensation at 6 per cent. to which the owners are entitled under Section 42 of Land Acquisition Act X. of 1870, from the date of the Collector taking possession of the lands.

From R. RAGOONATH ROW, Deputy Collector of Madras, to A. McC. WEBSTER, Esq., Acting Collector of Madras, dated Madras, 8th January 1874, No. 16.

In continuation of this office No. 964, of 5th ultimo, and with reference to the correspondence marginally noted, I have the honour to request

From Collector, to Consulting Engineer, No. 759 of 9th December 1873.
From Consulting Engineer, to Collector, No. 5 of 5th January 1874.
From Deputy Collector, to Collector, No. 15 of 8th January 1874.

that you will be good enough to place at my disposal the amount of Budget allotment Rupees 1,79,500 for the current official year, minus the amount of Rupees 21,254-5-6 already paid to Friend-in-Need Society.

2. The Railway officials are very anxious to obtain possession of property without further delay, and I need not point out that early payments of compensation tend to early settlement of cases.

No. 306. ORDER THEREON, 23rd January 1874, No. 155.

RAILWAY, No. 45A.

THE sum of Rupees 1,58,245, being the available balance of the revised allotment for compensation on lands and buildings to be taken up for the Carnatic Railway Company in the Madras District, is placed at the disposal of the Collector.

2. But it is high time, in the opinion of His Excellency the Governor in Council, that the Government should have before them a rough estimate of the total cost likely to be involved by the construction of a passenger station at the Penitentiary, in addition to the goods station west of St. Andrew's Kirk, and the Consulting Engineer is hereby instructed to obtain and submit such approximate estimate with the least possible delay.
