Dated 15-6-1874 ~~195~~ .

Not to be folded or roughly handled

No. 290. Read the following endorsement of the Chief Engineer for Irrigation, dated Ootacamund, 19th May 1874:—

From Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Dowlaishweram, 6th May 1874, No. 384.

ADVERTING to your note on the wants of this district as regards supervision of the anicut and floating plant and the efficiency of the conservancy establishment, embodied in G. O., of the 22nd April last, No. 1,038, I have the honour to observe that in paragraph 4 you state, "I may here remark that the grant of travelling allowance to men of this class is a mistake; still more so the way in which the grant has been made; for only the first-class Superintendents who draw the highest pay get any, and evidently these require it the least."

2. As this remark has apparently been made under an erroneous impression, and without entering fully into the matter of allowances for the conservancy establishment, I beg to state that not only the first but also the second-class Delta Superintendents draw travelling allowances, and therefore trust you will be good enough to recommend the allowance being continued to them also.

3. I also observe that in the last paragraph of your note you recommend that sanction should be given for the immediate employment of *fifteen* maistries, whereas in paragraph 2 of the order of Government sanction is accorded for the entertainment of only twelve maistries. If there be any misunderstanding on this point, I beg it may be cleared up, for at present I must only abide by the Government Order, although in it your proposals are approved of.

4. I must not here omit to point out that in the tabular statement prepared by your office, eleven lascars of the Central Delta Range, on salaries of Rupees 5 each, making up a total of Rupees 55, have altogether been omitted under the head "Proposed scale," consequently the net increase per month on the whole is incorrectly shown as Rupees 411 instead of Rupees 466.

SUBMITTED for the consideration of Government.

The travelling allowances hitherto drawn by the Delta Superintendents have been provided for in the revised scale of conservancy establishment, and it is intended that present incumbents shall continue to draw them. The statement in the note No. 827-A., that only first-class Superintendents received such allowances was based upon information given me when in the delta, which I must have misunderstood. The only change introduced in this respect is the discontinuance of the allowance to those newly appointed.

2. The fifteen maistries mentioned in paragraph 16 of the note are a misprint. Twelve maistries have been sanctioned, and their distribution is given in detail in paragraph 14 of the note.

3. The District Engineer further points out that eleven lascars have been omitted from the revised scale of irrigation establishment in the Central Delta. This is a mistake which requires to be corrected, and the way in which it originated is clear from the pencil memoranda on the district statement dated

6th November 1873, which memoranda referred to the Superintendents only, but were taken by the copyist to include the whole of the revised establishment.

(Signed) J. MULLINS, Lieut.-Colonel, R.E.,
Chief Engineer for Irrigation.

MADRAS

Sir,

Adverting to your Note on the wants of this District as regards Supervision of the Anicut and Floating Plant, and the efficiency of the Conservancy Establishment, embodied in G.O. of the 22nd April Last, No. 1030, I have the honor to observe that in para 4 you state, "I "may here remark that the grant of travelling "allowance to men of this class, is a mistake; "still more so, the way in which the grant has "been made; for only the first class Superin= "tendents, who draw the highest pay get any, "and evidently those require it the least"

2. As this remark has apparently been made under an erroneous impression, and without entering fully into the matter of allowances for the Conservancy Establishment, I beg to state that not only the first, but also the second class Delta Superintendents draw travelling allowances, and therefore trust you will be good enough to recommend the allowance being continued to them also.

3 : I also observe that in the
last para of your letter you recommend that
vouchers should be given for the immediate
employment of 15 Mashies, whereas in para 2 of
the order of Government vouchers is recorded
for the entertainment of only 12 Mashies. If
there be any misunderstanding on this point, I
beg it may be cleared up, for as much
as I must only abide by the Government Order,
altho' in it, your proposals are approved of.

4 I must not here omit to point
out that in the Tabular Statement prepared
by your Office, 11 Peons of the Central
Delta Range, on salaries of Rs 5 each, making
up a total of Rupees 55, have altogether
been omitted under the head "Proposed Scale",
Consequently the net increase per month on
the whole is incorrectly shown as Rs 411
instead of Rupees 466.

I have the honor to be

District Engineer Backergunj

No

Submitted for the consideration
of Government.-

The Standing allowances
hitherto drawn by the Delta
subordinates have been pro-
vided for in the revised scale of
Conservancy establishment, and
it is intended that present incum-
bents should continue to draw
the same. No statement in the Note
now before us that only 1 1st class supervi-
sor and 2 2nd class supervisors
are entitled to such allowances
as intended by Government since
the Note was framed.

Should not these allowances
only change introduced in this
respect in the discontinuance of the
allowances to those newly appointed
as aforesaid.-

2 The 15 Provinces mentioned
in para 16 of the Note are as follows:
