No. 361. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 27th May 1874, No. 1,724:—

A Mr. J. P. Secluna was appointed a Local Fund Overseer by the late District Engineer of Kurnool, who also authorized an advance of Rupees 50 to the man. Of this advance of Rupees 50 there is still an outstanding of Rupees 6-7-3, and as the man who received the advance has been dismissed and the officer (Mr. Fraser) who authorized it is dead, I have the honour to solicit the orders of Government for the adjustment of the amount.

2. The late District Engineer considered that Mr. Secluna was entitled to pay from the date he joined the District Engineer's Office, but, under the rules of the department, pay was only admitted by this Office from the date the man took up his duties as an Overseer. If pay, to the extent claimed, had been admitted, the full advance of Rupees 50 would have been recovered and adjusted, and therefore, if the Government should consider that the fact of the Overseer having obtained his appointment on the understanding that pay would commence from the date of joining the District Engineer's Office justifies a further debit to establishment, the outstanding may be so adjusted, that is, by a debit to the head "Establishment," otherwise it will be necessary either to write off the amount to profit and loss or to recover it from departmental allowances due to the estate of the late District Engineer.

No. 362. ORDER THEREON, 17th June 1874, No. 1,626.

ACCOUNT, No. 27.

HIS Excellency the Governor in Council is not disposed to authorize any mode of adjustment which is not in keeping with the rules of the department, and under the circumstances reported in this letter he directs that the sum of Rupees 6-7-3 be written off to profit and loss as a special case.
