Proceedings of the Madras Government, Public Works Department,
18th June 1874.

No. 389. Read the following letter from G. S. SAGE, Esq., District Engineer, South Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Cuddalore, 28th May 1874, No. 47 :—

I HAVE the honour to submit, for the early sanction of Government, an estimate of Rupees 1,160 for thoroughly repairing the Sub-Collector's Cutcherry at Virdachellum.

One Estimate.

2. The building was purchased in 1862-63 for Rupees 2,000 under G. O., No. 2,825, of 24th November 1862, and another sum of Rupees 2,129 was laid out for its improvements and repairs in the same year, so the total cost or value of the building amounts to Rupees 4,129. The cost of repairs now proposed exceeds one-fourth of this sum, and the estimate, which has been prepared at the request of both the Collector and Sub-Collector and which has met with their approval, requires the sanction of Government under paragraph 102, Chapter V. of the Departmental Code.

3. The building has not been repaired since it was improved in 1862-63, and is reported to be in a very dangerous state ; the proposed thorough repair is therefore absolutely necessary. Repairs to the bath-room, etc., which it was apprehended may fall in at any moment, have been put in hand on emergency, and a sum of Rupees 453 has been already spent in 1873-74 from the grant under *Repairs Civil Buildings*, in anticipation of sanction to the estimate.

No. 390. ORDER THEREON, 18th June 1874, No. 1,639.

CIVIL WORKS, No. 27.

SANCTIONED.

2. It is not satisfactory that the building should have been permitted to fall into such disrepair for want of any attention to its condition for the past ten years.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the *District Engineer, South Arcot.*
