B.P. No.		Mis.
432-433		
Dated	19-6-50	195 .

Not to be folded or roughly handled

No. 432. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 23rd May 1874, No. 603:—

I HAVE the honour to report that I have this day handed over charge of the District to Major Beatty, R.E.

2. As intimated to the Chief Engineer for Irrigation, I have waited to give over the project in detail to that officer, and have visited several of the important works in progress with him, also most parts of the rivers where bad sets have to be guarded against.

3. A bad breach occurred during the last freshes in the apron of the Maddoor Anicut, and a hole more than 60 feet deep exists in the river bed beyond; the apron has been repaired and steps taken to secure the work. The apron of the Bobberlunka under-sluices had been much damaged last year, and measures have been adopted to repair these effectually in the manner I had succeeded in doing for the Dowlaishweram under-sluices; in all other respects I believe the works of the district are in good condition.

No. 433. ORDER THEREON, 19th June 1874, No. 1,658.

ESTABLISHMENT, No. 28.

COMMUNICATED to the Chief Engineer for Irrigation and to the Controller of Public Works Accounts.

(True Extract.)

Lieut.-Colonel, R.E.,
Joint Secretary to Government.

To the Chief Engineer for Irrigation.
" Officiating Controller of Public Works Accounts.

No 603

District Engineers Office Godavery
Dowlaiswaram 23rd May 1874

From

Lieut Col J. F. Fischer R.E.
District Engineer Godavery

To

Colonel G. D. Walker R.E
Secretary to Government P.W.D.
Madras.

Sir

I have the honor to report that I have this day handed over charge of the District to Major Heath R.E.

2 As intimated to the Chief Engineer for Irrigation I have waited to give over the projects in detail to that Officer and have visited several of the important works in progress with him, also such parts of the river where bad cuts have to be guarded against.

3 A bad breach occurred during the last freshes in the apron of the Narsapur Anicut and a hole more than 60 feet deep exists in the river bed beyond the apron has been repaired and steps taken to secure the work. The apron of the Bobbarlanka under Sluices had been much damaged last year and measures have been adopted to repair these effectually in the manner I had

succeeded in doing for the Dow Carbineers
under Lucies, in all other respects I
believe the Works of the District are in
good condition.

I have the honor to be
Sir
Your Most Obed.t Servant
Wm. Thackeray Lt. Col. R.E.
District Engineer & Surveyor
