Proceedings of the Madras Government, Public Works Department, 24th June 1874.

No. 535. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 5th June 1874, No. 337:—

REFERRING to the Proceedings of Government, No. 1,798, dated 12th July 1873, I have the honour to submit, for the sanction of the Government of India, a revised estimate of the cost of the over-bridge now being erected at Raichore, amounting to Rupees 7,552.

2. The necessity for the additional expenditure is thus explained by the Acting Chief Engineer:—

"The amount allowed for wrought-iron work in the original estimate was found insufficient, partly because of the increased price of iron and partly because of the general stores not having the smaller sizes of iron which were provided for in the design, thus necessitating the use of larger sizes of which there was a stock in hand. It is also found necessary slightly to increase the items for cast-iron work and rails. The actual expenditure has been entered in carriage of materials; the over-bridge was loaded up in separate wagons and the minimum charge per wagon had to be paid instead of the actual weight of the bridge."

3. It is proposed to meet the expenditure from item "Unforeseen requirements" in Schedule B. of the Budget Estimate for 1874-75, and the sanction will lapse on the 31st December 1874.

4. This will cancel the sanction accorded to the original estimate of Rupees 4,750 in Public Works Department letter, No. 993 G. R., dated 21st June 1873.

G. O., No. 1,798, 12th July 1873.

No. 536. ORDER THEREON, 24th June 1874, No. 1,707.

RAILWAY, No. 82.

ORDERED that the revised estimate be submitted for the sanction of the Government of India with reference to their letter dated 21st June 1873, No. 993 G. R.

(True Extract.)

From

LIEUT.-COLONEL J. H. M. SHAW STEWART, R.E.,

Consulting Engineer for Railways,

To

COLONEL G. W. WALKER, R.E.,

Secretary to Government,

Public Works Department,

Fort Saint George.

SIR,

Referring to the Proceedings of Government, No. 1798, dated 12th July 1893, I have the honour to submit for the sanction of the Government of India a revised estimate of the cost of the overbridge now being erected at Peichore, amounting to Rs. 7,552.

2. The necessity for the additional expenditure is thus explained by the Acting Chief Engineer:—

"The amount allowed for

exhausted

"wrought iron work in the original
"estimate was found insufficient
"partly because of the increased
"price of iron and partly because
"of the general stores not having
"the smaller sizes of iron which
"were provided for in the design,
"thus necessitating the use of larger
"sizes of which there was a stock
"in hand. It is also found
"necessary slightly to increase the
"items for cast iron-work and
"rails. The actual expenditure
"has been entered in carriage of
"materials; the overbridge was
"loaded up in separate wagons
"and the minimum charge per
"wagon had to be paid instead
"of the actual weight of the bridge".

3. It is proposed to meet
the expenditure from item "unfore-
-seen requirements" in Schedule B
of the Budget estimate for
1874-75 and the sanction will
lapse on the 31st December 1874.

4. This will cancel the
sanction accorded to the original
estimate of Rs. 4,750 in Public
Works Department letter No.
993 J. R. dated 21st June 1873.

I have the honour to be
Sir
Your most obedient servant
W. Lambe
