B.P. No.		Mis.
550-551		
Dated	25-6-1874	195

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
25th June 1874.*

No. 550. Read the following letter from W. S. HARRINGTON, Esq., District Engineer, Malabar, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Calicut, 28th May 1874, No. 46:—

In forwarding copy of letter* from Mr. Assistant Engineer Grimes, and an

* No. 36, dated 16th May 1874.

† Accompanied by Plan.

estimate, amounting to Rupees 376,† for repairs emergently undertaken since the 4th instant to the Cruz Milagre Dam

at Cochin, I have the honour to request that you will be good enough to allot the amount of the estimate, viz., Rupees 376.

2. As the work really appeared to be emergent, I had no alternative but to order its execution. Mr. Grimes was long ago warned not to incur any further expenditure on the dam without permission and without the necessity for extra work being real and emergent.

No. 551. ORDER THEREON, 25th June 1874, No. 1,714.

CIVIL WORKS, No. 35.

AN allotment of Rupees 1,000 from the Provincial Reserve is made for emergent repairs to the Cruz Milagre Dam pending receipt of the regular maintenance estimate called for in G. O., No. 1,315, of 16th May 1874, which will be expedited. The danger already averted appears to have been from the seaward; the Executive Engineer in charge will be on his guard against danger from either side when the monsoon floods set in.

Sir,

With reference to your letter of
the 12th Instant, I have the honor to inform
you that I arrived here this morning.

From about the 4th to the 8th Instt:
there were high tides with strong winds,
and heavy seas, which broke with great
violence against the revetment, and piles
& planks, (originally put up to protect the
embankment) so much so, that the piles
& planks gave way most side only in length
100 feet in the middle, fresh piles & planks
were at once put by Draining Paries, and
backed up with rough stone; I think it
is of the utmost importance, that this
work should be fully carried out, before
we get any more bad weather, at all events,
I request you will be pleased to give
an allotment to cover the expense already

* This is incorrect.

Sir,

I am forwarding copy of letter from Mr. Asst. Engineer Grimes, and an estimate amounting to Rs. (376) three hundred and seventy six for repairs urgently undertaken since the 4th Instant to the Muzhappilangudi Dam at Cochin. I have the honor to request that you will be good enough to allot the amount of the estimate viz Rs. (376) three hundred and seventy six.

As the work really appeared to be urgent I had no alternative but to order its execution. Mr. Grimes was long ago warned not to incur any further expenditure on the Dam without permission & without the necessity for extra work being real and urgent.

I have the honor to be
