B.P. No.		Mis.
Dated	26-6	1874
		195

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
26th June 1874.*

Read the following papers:—

No. 566. From Major H. SMALLEY, R.E., Officiating District Engineer, Ganjam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp Kinedy, 10th February 1874, No. 5.

I HAVE the honour to forward a copy of a letter received from the District Engineer, Godavery, and late Superintending Engineer, 1st Division, explaining how it was the allotments on New Works, Civil Buildings, for 1871-72 were not utilized as called for in paragraph 3 of G. O., No. 2,373, dated 9th October 1872.

2. The delay in answering this reference has arisen from my having believed it answered by Colonel Fischer (as indeed was the case), and from my not having been able to procure any information as to the discrepancies between the figures in my records and those stated by the Collector.

3. I request authority to leave out this reference from my Returns.

From Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to Major H. SMALLEY, R.E., Officiating District Engineer, Ganjam, dated Dowlaishweram, 31st January 1874, No. 3,200.

With reference to your letter No. 9, dated 16th January 1874, I have the honour to annex a memorandum showing the total allotment and expenditure under "New Works, Civil Buildings, Provincial," in the year 1871-72 in the Ganjam District, together with the explanations in connection with the large unspent balance. This information was clearly shown in the Administration Report for 1871-72 forwarded to Government, and it is from an office copy of that report found among this office records that the annexed memorandum has been made up. The G. O., No. 2,373, dated 9th October 1872, which accompanied your letter, is herewith returned.

Memorandum showing allotment and expenditure under New Works, Civil Buildings, Provincial, in the Ganjam District in the year 1871-72.

<i>Budget allotment.</i>				rs.
Police Stations	...	...	...	2,000
Frontier Police Stations	...	...	...	10,000
Minor New Works, Civil Buildings	...	...	...	400
				12,400

Add—

As per G. O., No. 1,803, dated 7th July 1871.	} For Taluk Outcherry and Jail at Chicacole	...	3,360

Net total allotment for the District... 19,927

*Proceedings of the Madras Government, Public Works Department,
26th June 1874.*

Deduct total expenditure under this head—

	Rs.	A.	P.
Police Stations	1,006	14	6
Taluk Cutcherry at Chicacole	2,927	10	2
Sea Custom-house at Berhampore	2,287	0	0
Minor New Works, Civil Buildings	40	4	0
	6,862		
Unspent Balance...	13,965		

Work.	Allotment.	Expenditure.	Balance.	Explanations.
	Rs.	Rs.	Rs.	
Police Stations	4,240	1,007	2,633	Of this balance Rupees 2,280 having been allotted as late as the year as the 27th March 1872 could not be spent, and the remainder, viz. Rupees 353, is a saving collected from the grants for completed works.
Frontier Stations.	10,000		10,000	It is not known on whose requisition this allotment was provided in the Budget for 1871-72, on a reference to the Collector and Police Superintendent, Ganjam, they informed me that they knew nothing about this work. This money was reported to Government by me as available for transfer elsewhere, but not taken up by Government.
Taluk Cutcherry at Chicacole.	3,263	2,928	435	The cause of short outlay is owing to the asphalt intended for not having been received.
			13,965	

2. It will be observed that there is a difference of Rupees 435 between the amount shown as the allotment for the year by the Collector, and that shown as such in the above memorandum. The cause of difference cannot be now explained in the absence of the records appertaining to the Ganjam District, but it is presumed it is owing to certain deductions from grants ordered by Government not having been taken into account.

No. 566A. From Major H. SMALLEY, R.E., Officiating District Engineer, Ganjam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Chatterpore, 2nd May 1874, No. 15.

With reference to your memorandum No. 163, dated 6th March 1874, I have the honour to inform you that I have searched my records for the letter of the Superintending Engineer, 1st Division, surrendering Rupees 10,000 on frontier Police Stations in this district in 1872-73, but am unable to find it. Colonel Fischer says it must be among the records handed over to me in December 1872. No information on the subject can be obtained from the Police Department.

No. 567. ORDER THEREON, 26th June 1874, No. 1,722.

ACCOUNT, No. 43.

In paragraph 3 of G. O., No. 2,373, dated 9th October 1872, the late Superintending Engineer of the 1st Division was called upon to explain the large unspent balance under "New Works, Civil Buildings," in the Ganjam District during 1871-72. With his letter No. 5, dated

*Proceedings of the Madras Government, Public Works Department,
26th June 1874.*

10th February 1874, the District Engineer, Ganjam, forwarded one from the District Engineer, Godavery, and late Superintending Engineer, purporting to afford the required information as to the non-utilization of allotments; and with reference to an entry of Rupees 10,000 for frontier Police Stations, which had been wholly unutilized, remarking that nothing was known as to why the amount was entered in the Budget, but that the money was reported to Government as available for transfer elsewhere, but was not taken. Subsequent inquiries have thrown no light on the matter either as to the object of the Budget provision, or as to the alleged surrender of the amount.

2. His Excellency the Governor in Council cannot wholly exonerate from blame the late Superintending Engineer for allowing so large a sum as Rs. 10,000 to remain at his disposal for a whole year without taking the necessary steps for ascertaining beyond all doubt the object of the grant, with a view to its proper utilization, or for its surrender if not required in the district to which it was allotted.

3. The non-utilization of the sum of Rupees 2,280, allotted in G. O., No. 816, dated 22nd March 1872, is explained by the late date at which it was granted. The Inspector-General of Police should have first ascertained that it was possible to lay the money out profitably before applying for the grant.

(True Extract.)

Colonel, R.E.,

Secretary to Government.

To the District Engineer, Ganjam.

Calcutta, 10th February 1874.

From

THE DISTRICT ENGINEER,

GANJAM.

To

The

*Secretary to Government
Public Works Dept.
Madras.*

SIR,

Enclosures

I have the honor to for-
ward a copy of a letter
received from the District
Engineer Cochlavery and late
Superintending Engineer 4th Division
explaining how it was the
allocations on New Works
Civil Building, for 1871-72 were
not utilized as called for
in para 3 of G.O. No 2373 dated
9th October 1872.

The delay in answering
this reference has arisen from
my

my having it believed
and indeed he [illegible]
has indeed was the one.
and from my not having
been able to procure any in-
formation as to the [illegible]
causes between the figures
in my record and those
stated by the Collector.

I request authority to have
all the [illegible] from my
[illegible]

I have the honor to be
[illegible] from [illegible]

Respectfully,
H. Quay Major &c
Off. of the [illegible]
[illegible]

[Faint, mostly illegible handwritten text on a separate sheet of paper, possibly a continuation of the letter or a separate document. A circular stamp is visible in the upper right corner.]

THE DISTRICT ENGINEER,
CANBERRA.

[illegible]

Figure 1 consists of two line graphs. The left graph plots 'Rate of reaction' on the y-axis against 'Temperature / °C' on the x-axis. The x-axis has markings at 20, 30, 40, and 50. The curve starts at a low rate at 20°C, rises to a peak at 40°C, and then begins to decline at 50°C. The right graph also plots 'Rate of reaction' on the y-axis against 'Temperature / °C' on the x-axis. The x-axis has markings at 20, 30, and 40. The curve remains at a low, constant rate until about 25°C, then rises sharply, passing through 30°C and continuing to rise at 40°C.

 From the St. Eng. Ganjam (P. B. No. 168 dated 10 July 1874)
 Do do (P. B. No. 2. May 1874)

In para 3 of G. P. W.
 2373 dated 9th October 1872.
 the late Superintending En-
 gineer of the 1st Division
 called upon to explain the
 large unrepaid balance on
 "New Works, Civil Building"
 in the Ganjam District
 during 1871-72. With his let-
 ter No. 5 dated 10th February 1874.
 The St. Engineer Ganjam
 forwarded

[Signature]

forwarded me from the
St Engineer Godavery
and late Superintending
Engineer, purporting to
afford the required in-
formation as to the non-
utilization of allotments;
and with reference to an
entry of Rs. 10,000 for Frontier
Police Stations, which had
been wholly unutilized,
remarking that nothing
was known as to why
the amount was entered
in the Budget, but that
the money was reported
to

to Government as available
for transfer elsewhere,
but was not taken. Sub-
sequent inquiries have
thrown no light on the
matter either as to the
object of the budget
provision or as to the alleged
surrender of the amount.

His Excellency the
Governor in Council can-
not wholly exonerate him-
self from blame. The late Superintend-
ing Engineer, for allowing
so large a sum as Rs. 10,000
to remain at his disposal
for a whole year without

taking the necessary steps
for ascertaining beyond
all doubt the object of
the grant, with a view
to its proper utilization,
or for its surrender if
not required in the District
to which it was allotted.

The non utilization
of the sum of Rs. 2,200
allotted in G.O. No. 816 of
22nd March 1872 is explained
by the late date at which
it was granted. The Ins-
pector General of Police
should have first ascertained
that

that it was possible to lay
the money out profitably
before applying for the
grant. Lyons
