*Proceedings of the Madras Government, Public Works Department,
26th June 1874.*

Read the following papers:—

No. 588. From R. E. NORFOR Esq., District Engineer, South Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Punrooty, 7th May 1874, No. 29.

I HAVE the honour to forward, for the favourable consideration of Government, a copy of an application from the Supervisor in charge of No. 3 or Virdachellum Range for permission to entertain, for a period of three months, on Rupees 20 a month, a temporary clerk for the purpose of arranging the records in the Range Office, which are reported to be in an unsatisfactory state.

2. The Range Officer finds it difficult to dispose of promptly requisitions from this and other offices owing to the confused state in which the office was left when he took charge of it. I am bound to admit that Mr. Hicken is a very good office man, and has done a good deal towards bringing up arrears since he had charge of the Range, but at the same time I think the time of his office establishment is so much taken up in current work, that it will be very long before this office can be brought into the condition it should be, unless he be allowed the temporary clerk he asks for.

3. The Deputy Controller, Public Works Accounts, having recently inspected this among other offices in the district, I applied to the Controller for an expression of his opinion as to the necessity for a temporary extra hand in the 3rd Range Office, and his reply is that, "judging from the delay and difficulty in producing papers, etc., during the Deputy Controller's recent inspection, the records are not in a satisfactory state, and something should certainly be done to put them in proper order."

No. 590. ORDER THEREON, 26th June 1874, No. 1,734.

ESTABLISHMENT, No. 42.

The entertainment of a temporary clerk on Rupees 20 per mensem for three months is sanctioned. On the expiration

of this sanction a report on the state of the records should be submitted.

2. Owing to the number of officers who have successively held charge of the Virdachellum Range, it is impossible to fix responsibility for the disgraceful state into which the records have been allowed to fall, but His Excellency the Governor in Council views with dissatisfaction the present condition of the office and the neglect of the officers who have from time to time been in charge.
