*Proceedings of the Madras Government, Public Works Department,
26th June 1874.*

No. 595-E. Read the following letter from Captain J. L. L. MORANT, R.E.,
District Engineer, Neilgherries, to Colonel G. W. WALKER, R.E.,
Secretary to Government, Public Works Department, dated Ootacamund,
12th June 1874, No. 193 :—

In my contingent bill for last December I entered an item, paid for warm
clothing for lascars Rupees 8-0-6. This charge being objected to by the Con-
troller, I supported it with the following explanation :—

“Lascars will not attend the office without warm clothing being given them
at least once a year. It is a regular custom in Ootacamund for private servants
to receive warm clothes every six months. No servant will engage with-
out this indulgence. There was a balance under the head of Contingencies in
1873-74 of Rupees 19-5-1 out of which this reasonable charge can well be met.”

2. I may add that each of the lascars only receives Rupees 7 per mensem,
an amount of itself very small indeed, and much less than what private servants
employed in Ootacamund on similar duties receive.

3. The Controller replies :—

“As the charge is not of an ordinary contingent character the sanction of
Government should be obtained for its admission.”

4. I have therefore the honour to refer to you for the necessary sanction.
