RESOLUTION.—It having been found desirable to take into account the mileage of season tickets for the Review and Analysis of the Revenue Accounts, the Government of India asked the opinion of the Governments and Officers in control of the Chief Indian Railways as to the way in which fairly approximate mileage might be calculated.

2. The inquiries had reference to those season tickets, by which a journey each way daily is possible; and the replies show that for such tickets it will be sufficient to take an equivalent of 20 return, or 40 single tickets per mensem. The Governor-General in Council, therefore, desires that this equivalent may be adopted.
